

AB 98 - Potential Truck Routes and Sensitive Receptors in the East Valley Area Plan

East Valley Area Plan Boundary
 Federal and State Truck Routes
 City Truck Route
 County - Potential County Truck Route
 Sensitive Receptors (see note)

- Routes aligned with Redlands General Plan
1. Alabama St.
 2. California St.
 3. Palmetto Ave.
 4. San Bernardino Ave.
- New truck route
5. Almond Ave.

Note: This map represents the latest existing and potential truck routes based upon ongoing communication with the public and incorporated jurisdictions (including where those jurisdictions are proposing truck routes to be added/removed from their General Plan).

Note: Sensitive receptors mapped reflects Current General Plan designations that are associated with residential, schools, day care facilities, adult care facilities, and parks and recreation facilities. Existing hospitals, if any, are also mapped. Some additional existing residential uses have been mapped in specific plans.
