Subject: Lake Arrowhead Concerts

It sounds as though the management is doing all it can in order to keep both concertgoers and residents happy. Not only has the sound reduction been put in place but repositioning the sound equipment in order for it not to deflect across the lake sounds like a great compromise. The show times are also only 2 hours as there is now an 8:30 cutoff as opposed to previous years. And it's only for Friday/Saturday evenings during the summer months.

Why is it only the few that affect the many who have a great time? Are there problems with concertgoers entering into those residential areas after hours to create havoc?? Are crimes up during these scheduled dates? Disorderly conduct reports??

Why is a meeting of this magnitude held on a weekday morning instead of a decent time for working people to attend? Afraid of being overwhelmed with concert supporters??

I hope the series and other events such as the great Oktoberfest's continue!!

Thank you,
Tom Ingalls
Loma Linda

Subject: Lake arrowhead Village concerts

I'm writing to voice my support for the concerts in Lake Arrowhead Village. I live near a community center that hosts parties and receptions so I understand the concern with noise. They often leave all the doors open in the summer so I can hear the music and the screaming. However these parties only take place on the weekend and they only start to bother me when they continue on close to midnight. Still I've never complained. I'm willing to overlook the noise because I know people are having fun, and living in a community setting, even in the mountains, still means making some sacrifices for the greater good of the other members of the community. The concerts in Lake Arrowhead also only take place on weekends and go nowhere close to midnight. I feel the changes the concert organizers have made are more than sufficient for events taking place in a public setting, including the shorter length of the concerts, the early end time, and the much quieter volume. These are now probably the quietest concerts I've ever been to, as the volume was noticeably lower last season. I urge you to approve the permit.

Thank you,

Meta Berkebile

Message:

I have owned a home in Lake Arrowhead woods for over 15 years and frequently attend the summer concert series along with some of my friends. As a matter of fact I was considering buying 1/2 table for a few of the shows this next year. We all enjoy going to the concerts and we dine in the village on those evenings either at Papagayos, the Tai restaurant, or Lake Arrowhead Village Pizza. The concert series brings money to the Village and is frequented mostly by locals- it's a great gathering place to see old acquaintances. As an ALA member and Arrowhead woods home owner I am deeply concerned those individuals who have homes surrounding the Lake feel that they can control everything that occurs at the Lake. The Lake is not just theirs to control. They are fortunate to own homes directly on the water, but the lake belongs to all ALA members not just a few. The concerts should obviously adhere to the laws of California and noise regulations should be followed but I believe that noise doesn't become a problem in most areas until after 10PM. I'd like to see the concerts continue and go at least until 9PM with potential encores until 9:15. I believe that to be a reasonable compromise allowing the wishes of the many to blend with the issues of a few.

Thank you!

Attending the Summer Concerts this summer has been a major highlight for our family and friends. We gave them all a copy of the scheduled bands and they picked which weekends they wanted to come up. We went to the village in the boat and had dinner in the Village every weekend. It was the best summer ever!

Please keep the concert series it brings money to the village and entertainment for the people. With the short schedule and start and end times I don't see it as a problem for anyone. I don't feel it fair that a few dictate and take away from many who enjoy. As far as the noise level there are boats louder at times.

To Whom It May Concern: This year the Village took steps which I think was a good compromise between the complaining home owners and those of us who enjoy the concerts. I really hope the home owners who complained before, found this year to be better for them as to the noise level and the length of time for the concerts. I would have thought going until 9pm should be good enough, but it was decided to go until 8:30. It would be really sad to not have these concerts anymore. There are so many people who go and really enjoy them. I hope the county will continue to give the required permits so we can continue a really fun tradition. Thank You, Antoinette Erickson Lake Arrowhead, CA

Message:

PLEASE CONSIDER THE FOLLOWING POINTS WHEN EVALUATING WHETHER OR NOT TO ISSUE THE CONDITIONAL USE PERMIT FOR THE SUMMER CONCERT SERIES AT THE LAKE ARROWHEAD VILLAGE 1) Entertainment Value 2) Economic Impact 3) Safety Entertainment Value Since I've been a full time resident of Lake Arrowhead, over 10 years now, I've watched and enjoyed the summer concerts blossom from a very small venue to a very professional event that is looked forward to all year long. The bands that the village has brought in are nothing short of amazing. Some cover, some original and most tribute... Close your eyes and they sound just like the real bands. I've become extremely proud of the entertainment we offer (free of charge) and when friends and family come and visit, the concerts are a standard item on our weekend agenda. Many come up now and look forward to the evenings in the village even more than the lake time during the days. I love the music, I like to dance, and I enjoy the camaraderie with family and friends. Economic Impact As a small business owner, I recognize how important one event can mean to a single day of business. So, for a whole season of events to be at jeopardy, the impact to our local businesses could be devastating. I've had an opportunity to work directly with some of the small business owners in the village and over the years they have candidly shared with me their sales numbers. I've seen how the sales have increased as the concerts became better organized and more popular bands were attracted. Alternatively, I've also seen the change in figures when there have been challenges in marketing or when popular bands were dropped from the season roster. The concert series brings visitors from down the hill. They stay in our hotels and rentals. They eat in our restaurants. They shop in our stores. They help keep our businesses healthy and put dollars in the bank so they can survive through the winter season. Plain and simple, without the concert series, many of our local businesses simply won't be able to survive. This worries me incredibly. Lastly, I can't tell you how many times I've been sitting on the grass, listening to the music, and struck up conversation with a visitor to the mountains. Invariably the conversation turns to "What's it like to live up here?", and then to real estate and "How much are places?" and "Do you know a realtor?" I wish I had the actual statistics for how many homes have been sold as a result of someone coming up to the community to see the concerts, I'm sure it's worth noting. Safety I imagine I've personally have attended over 80% of the concerts that have been shown in the last 10 years. In that time, I can't think of one dangerous incident that's occurred during a concert. The village does a phenomenal job of providing security all over the concert area. They are very diligent at checking bags upon entry to make sure no alcohol is being brought in. I feel very safe. My 6yr old loves to run around on the grass and play the other children in the back of the fenced area. There are security personnel present at all times back there as well so I feel extra comfortable. Closing In short, I believe that not allowing the Lake Arrowhead Village the opportunity to put on the concert series this season would be devastating. It would hurt our economy and our community. Lake Arrowhead is a wonderful place to live and raise a family. We enjoy four seasons, a

beautiful and fun lake, and from May-Sept concerts and fellowship in our local village. Please don't take that away from us.

Thank you!

I fully support the Lake Arrowhead Village and the concert series!! It is a great addition to our community and our economy! I support the village starting their music at 7 pm and going to 9:30pm as they previously did. The later hours allowed for people who have to work an opportunity to join the full program. I hope the SB Land Use Svcs/Planning Division takes in the opinion and desires of the community as a whole rather than the complaints of a few.

Thank you!

Subject: Lake Arrowhead - Summer Concert Series Permit

Hello -

I own a condo right in the village at Lake Arrowhead, and I wanted to express my complete support for their permit to continue the Summer Series concerts in the future. It is a powerful marketing tool for the community and in my opinion, the village's management does a great job organizing and running the concerts.

Please feel free to contact me with any questions.

Subject: Summer Concerts

Message:

My husband and I look forward to the Summer Concert series every year ! We love live music and I LOVE TO DANCE !! The live music recharges my battery ! We have lived up here full time for 18 years. Our children graduated from Rim High School. This is our mountain and we have so much fun at the concerts with all of the local people and visitors. Please, Please don't stop the concerts ! We have made so many friends in our community because of the concerts and it is so nice to see everyone every friday and saturday evening during the summer season. We really wish the concerts could last longer. It's a shame that they only run for 2 hours. I know that there is someone complaining about the music noise across the lake. Come on, it's only music and represents so many people having fun ! This person must also complain about the noise from all of the motorboats on the water. Please don't stop the concerts ! Thank you Yvette Page ,

Thank you!

Subject: Support the Summer Concert Series & Music Events

Message:

PLEASE CONSIDER THE FOLLOWING POINTS WHEN EVALUATING WHETHER OR NOT TO ISSUE THE CONDITIONAL USE PERMIT FOR THE SUMMER CONCERT SERIES AT THE LAKE ARROWHEAD VILLAGE 1) Entertainment Value 2) Economic Impact 3) Safety Entertainment Value Since I've been a full time resident of Lake Arrowhead, over 10 years now, I've watched and enjoyed the summer concerts blossom from a very small venue to a very professional event that is looked forward to all year long. The bands that the village has brought in are nothing short of amazing. Some cover, some original and most tribute... Close your eyes and they sound just like the real bands. I've become extremely proud of the entertainment we offer (free of charge) and when friends and family come and visit, the concerts are a standard item on our weekend agenda. Many come up now and look forward to the evenings in the village even more than the lake time during the days. I love the music, I like to dance, and I enjoy the camaraderie with family and friends. Economic Impact As a small business owner, I recognize how important one event can mean to a single day of business. So, for a whole season of events to be at jeopardy, the impact to our local businesses could be devastating. I've had an opportunity to work directly with some of the small business owners in the village and over the years they have candidly shared with me their sales numbers. I've seen how the sales have increased as the concerts became better organized and more popular bands were attracted. Alternatively, I've also seen the change in figures when there have been challenges in marketing or when popular bands were dropped from the season roster. The concert series brings visitors from down the hill. They stay in our hotels and rentals. They eat in our restaurants. They shop in our stores. They help keep our businesses healthy and put dollars in the bank so they can survive through the winter season. Plain and simple, without the concert series, many of our local businesses simply won't be able to survive. This worries me incredibly. Lastly, I can't tell you how many times I've been sitting on the grass, listening to the music, and struck up conversation with a visitor to the mountains. Invariably the conversation turns to "What's it like to live up here?", and then to real estate and "How much are places?" and "Do you know a realtor?" I wish I had the actual statistics for how many homes have been sold as a result of someone coming up to the community to see the concerts, I'm sure it's worth noting. Safety I imagine I've personally have attended over 80% of the concerts that have been shown in the last 10 years. In that time, I can't think of one dangerous incident that's occurred during a concert. The village does a phenomenal job of providing security all over the concert area. They are very diligent at checking bags upon entry to make sure no alcohol is being brought in. I feel very safe. My 6yr old loves to run around on the grass and play the other children in the back of the fenced area. There are security personnel present at all times back there as well so I feel extra comfortable. Closing In short, I believe that not allowing the Lake Arrowhead Village the opportunity to put on the concert series this season would be devastating. It would hurt our economy and our community. Lake Arrowhead is a wonderful place to live and raise a family. We enjoy four seasons, a

beautiful and fun lake, and from May-Sept concerts and fellowship in our local village. Please don't take that away from us.

Thank you!

Subject: Summer Concert Series

Message:

We moved up to Lake Arrowhead this last May. The summer concert series was a positive factor in that decision. Our family enjoys the outdoor concerts and they are an important part of our summertime memories. Cutting them will have an adverse effect on property values, local merchant revenue as well as tourism in which our local economy depends on to survive.

Thank you!

Subject: Lake Arrowhead Summer Concerts

Message:

I have owned a home in Lake Arrowhead woods for over 15 years and frequently attend the summer concert series along with some of my friends. As a matter of fact I was considering buying 1/2 table for a few of the shows this next year. We all enjoy going to the concerts and we dine in the village on those evenings either at Papagayos, the Tai restaurant, or Lake Arrowhead Village Pizza. The concert series brings money to the Village and is frequented mostly by locals- it's a great gathering place to see old acquaintances. As an ALA member and Arrowhead woods home owner I am deeply concerned those individuals who have homes surrounding the Lake feel that they can control everything that occurs at the Lake. The Lake is not just theirs to control. They are fortunate to own homes directly on the water, but the lake belongs to all ALA members not just a few. The concerts should obviously adhere to the laws of California and noise regulations should be followed but I believe that noise doesn't become a problem in most areas until after 10PM. I'd like to see the concerts continue and go at least until 9PM with potential encores until 9:15. I believe that to be a reasonable compromise allowing the wishes of the many to blend with the issues of a few.

Thank you!

Message:

I lived in the mountains for 11 years and even though I now live down the hill, the Mountains will always be my home. The summer concert series is a wonderful family event that so many enjoy and it is great for the economy of the city. I know because I choose to leave my community of Menifee and head back to where I rather spend my dollars and have a great time with old friends. Lake Arrowhead!

Thank you!

Arceo, Reuben

 - **Message :** One reason my wife and I bought a cabin in Twin Peaks was so we could attend the concerts at Lake Arrowhead Village. The concerts are usually well attended and very orderly. I see no reason why anyone would complain about the noise because if we are at the far end of the village it is difficult to hear the band. Being isolated in the mountains, it is important for locals to have something to look forward to every weekend. David M.

 - **Message :** My family and I live in Newport and own a home in Lake Arrowhead. We love it up there. We love the music concerts and it is a shame that the concerts are at risk. The wining of a few can ruin it for many. The concerts are over at 8:30 and the volume is low. Really? What a shame that a couple of old people who go to sleep at 8pm can have this much power. I am hopeful you will consider how the much enjoyment there is and how many people will be impacted by a decision to not approve the CUP.

 - **Message :** As a resident of Lake Arrowhead we really enjoy the concerts and hope they continue. It's my understanding there has been a few complaints about the noise. How silly, the notion that for two hours of great music and fun for so many friends and families, the concerts should be disallowed because of a few? It's my understanding that steps have been taken to reduce the noise. Sounds good to me!

 - **Subject :** Lake Arrowhead Concerts
 - **Message :** The Lake Arrowhead concerts are a very necessary part of Lake Arrowhead and the economy on the Mountain. These concerts are from 06:30 to 08:30 PM Twice a week on Friday and Saturday nights for about 5 months a year. It is my sincere hope that these concerts continue as the culture, economy, residents and visitors depend on them to help keep Lake Arrowhead thriving. The residents in the area that have a problem with the noise should be able to adjust to this for 2 hours twice a week for the betterment of the area. I could understand to put a limit on the decibels (loudness) as a consideration.

Message:

My husband and I look forward to the Summer Concert series every year ! We love live music and I LOVE TO DANCE !! The live music recharges my battery ! We have lived up here full time for 18 years. Our children graduated from Rim High School. This is our mountain and we have so much fun at the concerts with all of the local people and visitors. Please, Please don't stop the concerts ! We have made so many friends in our community because of the concerts and it is so nice to see everyone every friday and saturday evening during the summer season. We really wish the concerts could last longer. It's a shame that they only run for 2 hours. I know that there is someone complaining about the music noise across the lake. Come on, it's only music and represents so many people having fun ! This person must also complain about the noise from all of the motorboats on the water. Please don't stop the concerts ! Thank you Yvette Page ,

Thank you!

Subject: Lake Arrowhead Concerts

Message:

I urge you to grant a permit for the concerts. I am a proud Lake arrowhead "weekender". Going to the concerts was the first thing that brought us up to Lake Arrowhead. It ultimately led us to buy a home in Lake Arrowhead. Inviting friends up to the Lake for a fun weekend is one of our favorite summer activities. We get cocktails, do a little shopping and get dinner before to concerts. They are great for the mountain economy and a fantastic community event, to meet our neighbors. I know many other weekenders that feel the same way. It is a great event, well attended and well mannered. Please keep it going!

Thank you!

Message:

Please keep the concert series it brings money to the village and entertainment for the people. With the short schedule and start and end times I don't see it as a problem for anyone. I don't feel it fair that a few dictate and take away from many who enjoy. As far as the noise level there are boats louder at times.

Thank you!

 - **Message :** I strongly support the continuation of the summer concert series. We have shared great times with friends and guests at this weekend event for nearly 15 years! When they come up....they spend \$! As do we when we come to the Village. Kill our incentive to go to the Village....Kill your local economy! You make the call...decrease our incentive to come to the Village....die a peaceful and quiet death...for what? A few malcontents...an Owl that is welcome on my quiet side of the lake, business...God knows that's evil? Why would this even be an issue? Explain to me your motivation for your petition! Personally...everyone you represent are....well, I can't type my feelings, but Y\$% A@3 F"...K%%*& N^#*s! I hope you get my drift! I hope reason and public input outweighs this insanity. All politics aside...this is a foolish propisition! My apology for any spelling errors. For the individual that would dismiss my comments for a grammatical error....you know who you are SHAME ON YOU!

 - **Message :** As full time resident of Lake Arrowhead, I would like to say that it would be an absolute shame to not have the summer concerts at the Village. Although I do not go very often, there are times when we like to take the boat and enjoy the great music and have a nice dinner. We have planned events with our down the hill friends to come up and enjoy a Saturday of boating during the day and concert at night. Why take away a nice feature that Lake Arrowhead can offer? It ends early and I think it has little negative impact on those that may live nearby.

- **Message :** Dear Residents, My husband & I purchased our home in Lake Arrowhead just 2 years ago. One of the main reasons we chose this community is for its vibrant dedication to the arts of all kinds in addition to the beautiful lake and waterskiing. We attended most of your concerts last year, bought a table as well, made great friends at another concert event table, buy dinner and enjoy the shopping too. When you look around at the concerts, we have my 85 year old Mother, grandparents, children, teenagers and mid life people too. Where else can you have such a good time with such a diverse group of people? We are close to the center, yet we NEVER hear concert noise. Even if we did, we are speaking of just a few short hours early in the evening. Thank you for the concerts. PLEASE don't take away this great community event. Sincerely Jeanne & Jim Brungard

 - **Message :** I've lived in Lake Arrowhead for over 12 years and own a home in Hamiltair (the peninsula on the lake across from the village). As a homeowner, in prior years, I could hear the concerts (when I wasn't actually attending), from my house. While they were not loud or obtrusive, you could hear them if you listened very carefully and were outside. You certainly could not hear them from within your house. I can personally attest to the fact that now, after the measure that were taken last year, you can no longer hear the music. This should no longer be an issue with the residents in my neighborhood or the adjacent neighborhoods.

 - **Message :** Don't let a few "squeaky wheels" ruin it for everyone. As a longtime mountain resident (13 years) I have enjoyed the summer concert series offered up by the Lake Arrowhead Village. I live one block off the lake in Blue Jay Bay. It used to be that we could hear the concerts from our dock. But now, we can't hear anything. It appears to me, that the village has done a great job in mitigating the noise levels, and controlling the time periods that the concerts run. We have many friends that come up the mountain and enjoy the free concerts in the fresh mountain air. Where else in Southern California can you do that? Please don't let a few complainers ruin one of the highlights of summer living in Lake Arrowhead!

 - **Subject :** Lake Arrowhead Concert Series
 - **Message :** I have been a resident for 8 years. The concert series is a huge draw to the village and why my friends come up to Lake Arrowhead. We have enjoyed dinner and music many nights throughout the summer and without it would be a great loss of community gathering. I have made friends, visited many businesses and this wonderful event make Lake Arrowhead what it is today. Please don't let a bad decision to end such an amazing activity, group gathering which bonds our community, secures economic growth that the residents depend on and truly one of the biggest reasons I live here on my weekends. Thank you for listening to my concerns and respect the voices of the people. Kelley Gast

- **Subject :** Concert Support Lake Arrowhead Village

- **Message :** To whom it may concern: I live and work in Lake Arrowhead. I am a mountain supporter of local businesses and a thriving economy for Lake Arrowhead. I make my living selling real estate here. I believe in the lifestyle we have here. I sell the community! But, now the voices of a few people are trying to hurt that economy. They are not full time people on this mountain and need to understand that our economy doesn't stop when the music stops. The Lake Arrowhead Village is our "Hub" our "Anchor" for beautiful Lake Arrowhead. We as a community need tourist to visit and to spend money and fall in love with Lake Arrowhead. The Summer concerts are a draw for Southern Californians. When the concerts happen all of the businesses thrive. We are a resort, we have special needs to make this a destination and destroying a draw will greatly diminish how well our local economy will do in the future. A typical Summer night for my family is taking our boat to the Village, listening to the concert, shopping the merchants and picking a restaurant to have dinner at. When I take clients out to show homes, one of the things I discuss is how family friendly and fun the Lake Arrowhead Village is, and how they cater to all to bring small town charm in a world of crazy. If you take away the concerts in the Village you will take a economy that depends on tourist and locals alike and we will become a ghost town. You will force traditions like the Blue Jay Jazz Fest, Tavern Bay Music to disappear too. It will only be a matter of time before these things will be affected because of the few who wish to destroy our economy. I am a member of the Lake Arrowhead Yacht Club, we have parties, when will those be affected by these few? I hope there can be common ground where we can have harmony with the concerts and private home owners. Kim Sellers, Realtor with Coldwell Banker Sky Ridge Realty

 - **Message :** I support the concert series completely. We have purchased tables for several concerts over the years and it has always been a great family/friend experience. I believe that you have gone over and above to provide a safe family atmosphere that would be a tremendous loss to the community, if it were not able to be continued. I have read the changes that have been made and those that are being proposed for the future and feel that you have done your best to take the surrounding communities into consideration, when it comes to the noise levels. I feel that ending the concerts at 8:30 is beyond reasonable, especially on weekend evenings. People need to understand that living in a community means that there will be some things that they are not fond of but if they require a completely noise free surrounding, they shouldn't live in a community setting. The city of Lake Arrowhead need to get back to the business of doing what is good for the entire community and shutting this venue down would be a great disservice to the community as a whole. I believe this is evident by the number of supporters you have for these concerts.

 - **Subject :** Lake Arrowhead Concerts
 - **Message :** We LOVE the concerts! In fact, we actually bought a house in Lake Arrowhead after coming to a concert and falling in love with the area, the people, and the atmosphere. We have patronized many of the surrounding stores during the concerts, as well. Certainly, concerts ending at the early hour of 8:30 and having all the noise buffers and monitors installed can hardly be disruptive to the neighbors. Keep the concerts - they are part of summer in Lake Arrowhead!

 - **Subject :** a tourism attraction and the power of positivity
 - **Message :** The concerts generate more tourism, which brings in new money to an already depreciating economy. To take away the concert series inhibits multiple vendors for otherwise turning a profit. We need more tourists if the local economy is to thrive. The concert series has always brought eclectic groups of people together yo enjoy the beauty that is Lake Arrowhead. So, in the power of positive thought, we all enjoy the concert series. The limitations from last year have been enacted and followed up on. Let there be music! Let there be music for everyone!

 - **Message :** My family and I support the summer concert series at Lake Arrowhead, and look forward to attending them each week. They have made great efforts to make it a family event, as well as reduce the "partying" atmosphere from years past. We fully support the concert series. Canceling the series, or trying to reduce the number of weeks or times the bands will play, we believe will severely hurt the Village and surrounding communities. The concert series brings people to the Village, and makes Lake Arrowhead a resort destination in the needed summer months.

 - **Subject :** Lake Arrowhead Village Summer Concerts
 - **Message :** We are totally in favor of the summer concerts continuing at Lake Arrowhead Village. To stop them would be very unfair to the businesses at the Village and the majority who enjoy the events at the Village. The hours of the event are certainly NOT unreasonable and the Village has put best efforts forward to miigate the sound. The Village is one of the main attractions for those of us who live here and for those who visit and we must support it. It is difficult enough to run a business and hire people in this economy, let's NOT make it harder with unreasonable demands of a few residents who bought their homes knowing the Village shopping area existed. Thank you for supporting our mountain community. Terry & Becky Donnelly

- **Subject :** Summer Concerts

- **Message :** I moved up to Lake Arrowhead in 2006 because I was in the middle of an ugly divorce. My soul was lost until I came and listened to my first summer concert. After that concert, I try to attend every concert I can. When I thought these concerts may be taken away, I was right back to my soul being lost again. But now the concerts are here and are for 2 hours. I would like to see the concerts start at 5:30 pm. The band play for 90 mins, then have a break and then come back and play to 8:30 pm. 2 hours isn't long enough and there is no time for an encore. I don't see the harm of the concerts starting earlier because they would end at the same time. Thank You

 - **Subject :** Lake Arrowhead summer concerts
 - **Message :** To elimiate the summer concerts would be such a devastating thing to happen to our mountain community. The hours are not late not like bars in any other town that has a musical venue. This is an event enjoyed by all; family , friends, that are full time/part time residents or just vistors. I cannot believe how so many negative unhappy people can try to ruin it for everyone. This is just unsettling to think the summer concert series is in jepordy! Make the right decision to enjoy life and music in the mountains in the fresh air!

Subject : Support Summer Concert Series

Message : Don't let a few "squeaky wheels" ruin it for everyone. As a longtime mountain resident (13 years) I have enjoyed the summer concert series offered up by the Lake Arrowhead Village. I live one block off the lake in Blue Jay Bay. It used to be that we could hear the concerts from our dock. But now, we can't hear anything. It appears to me, that the village has done a great job in mitigating the noise levels, and controlling the time periods that the concerts run. We have many friends that come up the mountain and enjoy the free concerts in the fresh mountain air. Where else in Southern California can you do that? Please don't let a few complainers ruin one of the highlights of summer living in Lake Arrowhead!

Subject : Summer Concerts

Message : I have been coming up to Lake Arrowhead my entire life and we own a home in the Lake Arrowhead woods since 1979. I'm very confused at all the fuse about the summer concert series that myself and my family and friends look forward to every year. This one of the most unique experience in the country and promotes the Village not detract from the Village. It would be a shame if this were to end and I believe there would be noticeable loss in revenue by the local business's if people were denied a couple of hours of fun. There are many weekends we come up to enjoy thses shows that other wise we might have just stayed at home. While we are up there we do shop at all the kcal business's to promote our wonderful Town, Lake and Wooded areas. Sincerely, William F Caldwell 27048 Everest Road Lake Arrowhead, Ca 92352 310-529-0727
