Subject : I Support The Concert Series

Message : I would just like to add my name to support the concert series. We spend a lot of time in Lake Arrowhead all year round. One of the highlights of coming to Arrowhead for my family and many of our invited friends is the concert series. Lake Arrowhead village would not be the same without the concert series. I hope you can find a reasonable compromise to continue the concert series. Best Regards, Nigel & Tracy Young

Subject : Support of the Concerts

Message : As full time resident of Lake Arrowhead, I would like to say that it would be an absolute shame to not have the summer concerts at the Village. Although I do not go very often, there are times when we like to take the boat and enjoy the great music and have a nice dinner. We have planned events with our down the hill friends to come up and enjoy a Saturday of boating during the day and concert at night. Why take away a nice feature that Lake Arrowhead can offer? It ends early and I think it has little negative impact on those that may live nearby.

Subject : Lake Arrowhead Summer Concerts

Message : One reason my wife and I bought a cabin in Twin Peaks was so we could attend the concerts at Lake Arrowhead Village. The concerts are usually well attended and very orderly. I see no reason why anyone would complain about the noise because if we are at the far end of the village it is difficult to hear the band. Being isolated in the mountains, it is important for locals to have something to look forward to every weekend. David M.

Subject : Save the Music

Message : My family and I live in Newport and own a home in Lake Arrowhead. We love it up there. We love the music concerts and it is a shame that the concerts are at risk. The wining of a few can ruin it for many. The concerts are over at 8:30 and the volume is low. Really? What a shame that a couple of old people who go to sleep at 8pm can have this much power. I am hopeful you will consider how the much enjoyment there is and how many people will be impacted by a decision to not approve the CUP.

Subject : Lake Arrowhead Concerts

Message : The Lake Arrowhead concerts are a very necessary part of Lake Arrowhead and the economy on the Mountain. These concerts are from 06:30 to 08:30 PM Twice a week on Friday and Saturday nights for about 5 months a year. It is my sincere hope that these concerts continue as the culture, economy, residents and visitors depend on them to help keep Lake Arrowhead thriving. The residents in the area that have a problem with the noise should be able to adjust to this for 2 hours twice a week for the betterment of the area. I could understand to put a limit on the decibels (loudness) as a consideration.

Subject : Summer Concerts - We love them

Message : Dear Residents, My husband & I purchased our home in Lake Arrowhead just 2 years ago. One of the main reasons we chose this community is for it vibrant dedication to the arts of all kinds in addition to the beautiful lake and waterskiing. We attended most of your concerts last year, bought a table as well, made great friends at another concert event table, buy dinner and enjoy the shopping too. When you look around at the concerts, we have my 85 year old Mother, grandparents, children, teenagers and mid life people too. Where else can you have such a good time with such a diverse group of people? We are close to the center, yet we NEVER hear concert noise. Even if we did, we are speaking of just a few short hours early in the evening. Thank you for the concerts. PLEASE don't take away this great community event. Sincerely Jeanne & Jim Brungard

Subject : Save the concerts

Message : I've lived in Lake Arrowhead for over 12 years and own a home in Hamiltair (the peninsula on the lake across from the village). As a homeowner, in prior years, I could hear the concerts (when I wasn't actually attending), from my house. While they were not loud or obtrusive, you could hear them if you listened very carefully and were outside. You certainly could not hear them from within your house. I can personally attest to the fact that now, after the measure that were taken last year, you can no longer hear the music. This should no longer be an issue with the residents in my neighborhood or the adjacent neighborhoods.

Message : I support the Concert Series wholeheartedly. It reminds me of a "past life" when I was involved in airport noise issues wherein residents who moved into neighborhoods impacted by jet noise, "eyes (and ears)-wide-open", later, incredulously, complained about the noise. When one moves to a resort area, one must realize we are here to hear the joyous sounds generated by vacation and resort-oriented people. It comes with the territory...

Subject : Concert Support Lake Arrowhead Village

Message : To whom it may concern: I live and work in Lake Arrowhead. I am a mountain supporter of local businesses and a thriving economy for Lake Arrowhead. I make my living selling real estate here. I believe in the lifestyle we have here. I sell the community! But, now the voices of a few people are trying to hurt that economy. They are not full time people on this mountain and need to understand that our economy doesn't stop when the music stops. The Lake Arrowhead Village is our "Hub" our "Anchor" for beautiful Lake Arrowhead. We as a community need tourist to visit and to spend money and fall in love with Lake Arrowhead. The Summer concerts are a draw for Southern Californians. When the concerts happen all of the businesses thrive. We are a resort, we have special needs to make this a destination and destroying a draw will greatly diminish how well our local economy will do in the future. A typical Summer night for my family is taking our boat to the Village, listening to the concert, shopping the merchants and picking a restaurant to have dinner at. When I take clients out to show homes, one of the things I discuss is how family friendly and fun the Lake Arrowhead Village is, and how they cater to all to bring small town charm in a world of crazy. If you take away the concerts in the Village you will take a economy that depends on tourist and locals alike and we will become a ghost town. You will force traditions like the Blue Jay Jazz Fest, Tavern Bay Music to disappear too. It will only be a matter of time before these things will be affected because of the few who wish to destroy our economy. I am a member of the Lake Arrowhead Yacht Club, we have parties, when will those be affected by these few? I hope there can be common ground where we can have harmony with the concerts and private home owners. Kim Sellers, Realtor with Coldwell Banker Sky Ridge Realty

Subject : Lake Arrowhead Village Summer Concerts

Message : I support the concert series completely. We have purchased tables for several concerts over the years and it has always been a great family/friend experience. I believe that you have gone over and above to provide a safe family atmosphere that would be a tremendous loss to the community, if it were not able to be continued. I have read the changes that have been made and those that are being proposed for the future and feel that you have done your best to take the surrounding communities into consideration, when it comes to the noise levels. I feel that ending the concerts at 8:30 is beyond reasonable, especially on weekend evenings. People need to understand that living in a community means that there will be some things that they are not fond of but if they require a completely noise free surrounding, they shouldn't live in a community setting. The city of Lake Arrowhead need to get back to the business of doing what is good for the entire community and shutting this venue down would be a great disservice to the community as a whole. I believe this is evident by the number of supporters you have for these concerts.

Subject : a tourism attraction and the power of positivity

Message : The concerts generate more tourism, which brings in new money to an already depreciating economy. To take away the concert series inhibits multiple vendors for otherwise turning a profit. We need more tourists if the local economy is to thrive. The concert series has always brought eclectic groups of people together to enjoy the beauty that is Lake Arrowhead. So, in the power of positive thought, we all enjoy the concert series. The limitations from last year have been enacted and followed up on. Let there be music! Let there be music for everyone!

Subject : Summer Concerts

Message : My family and I support the summer concert series at Lake Arrowhead, and look forward to attending them each week. They have made great efforts to make it a family event, as well as reduce the "partying" atmosphere from years past. We fully support the concert series. Canceling the series, or trying to reduce the number of weeks or times the bands will play, we believe will severely hurt the Village and surrounding communities. The concert series brings people to the Village, and makes Lake Arrowhead a resort destination in the needed summer months.

Subject : Lake Arrowhead Village Summer Concerts

Message : We are totally in favor of the summer concerts continuing at Lake Arrowhead Village. To stop them would be very unfair to the businesses at the Village and the majority who enjoy the events at the Village. The hours of the event are certainly NOT unreasonable and the Village has put best efforts forward to mitigate the sound. The Village is one of the main attractions for those of us who live here and for those who visit and we must support it. It is difficult enough to run a business and hire people in this economy, let's NOT make it harder with unreasonable demands of a few residents who bought their homes knowing the Village shopping area existed. Thank you for supporting our mountain community. Terry & Becky Donnelly

Message : Our family has owned its property at nearby Grass Valley lake for 50+ years and we always enjoy many summer concerts each year. We wholeheartedly support the concert series as a fun, safe, relaxing, and valuable revenue generating at the Village. Having fun local concerts offers a well balanced recreational activity that stimulates the way of life for all residents at Lake Arrowhead. We offer our support for the continuing summer concerts!! Best regards, Todd Pratt & Family (16)

Subject : Summer Concerts

Message : I moved up to Lake Arrowhead in 2006 because I was in the middle of an ugly divorce. My soul was lost until I came and listened to my first summer concert. After that concert, I try to attend every concert I can. When I thought these concerts may be taken away, I was right back to my soul being lost again. But now the concerts are here and are for 2 hours. I would like to see the concerts start at 5:30 pm. The band play for 90 mins, then have a break and then come back and play to 8:30 pm. 2 hours isn't long enough and there is no time for an encore. I don't see the harm of the concerts starting earlier because they would end at the same time. Thank You

Subject : Lake Arrowhead summer concerts

Message : To elimiate the summer concerts would be such a devastating thing to happen to our mountain community. The hours are not late not like bars in any other town that has a musical venue. This is an event enjoyed by all; family , friends, that are full time/part time residents or just vistors. I cannot believe how so many negative unhappy people can try to ruin it for everyone. This is just unsettling to think the summer concert series is in jepordy! Make the right decision to enjoy life and music in the mountains in the fresh air! WEndy Hughes

Subject : Lake Arrowhead village Summer Concert Series

Message : I would like to take a moment to express my deepset support for the Lake Arrowhead Village Concert Series. As a long time resident and taxpayer of Lake Arrowhead, I think it importnat to continue to allow the Village to continue withtheir entertainment. The mountain area has limited entertaimnet opportunities and the summer concerts allow us to meet our neighbors and mingle in a safe and strucrued enviornment. We look forward to the concert series every year and it would certainly leave a big gap with in entertainment and opprtunities to meet and greet if they wer idscontinued. Please, please, please allow the village to provvide this excellent outlet for us. Regards, Richard Salvi

Subject : Concerts in the Village

Message : The Lake Arrowhead Village has done their due diligence in providing an atmosphere that coincides with the needs of both the property owner and visitor. In a small community that has little in the way of entrainment and ways of drawing visitors to a private lake community, this is one of the few ways they are able to do that. Having lived in the area and heard the concerts from across the lake in the past (although we did not hear them this past year), it is hard for one to pinpoint if it was from someone's dock (where I have seen bands actually practicing on their own docks!) or the Village. And no matter what the case, it was never that distractingly loud or that late. My neighbors are noisier and I can't imagine that the decibels from various yard implements or tools are much different than a live band from a far distance. Will the next complaint be against the noise and echo the fireworks make in the canyon during the 4th of July?

Subject : Summer concerts

Message : It's the things like the summer concert series in this community that keeps us living here. If the steps have already been taken to fix the problem, there is no reason why they need to be cancelled. As full time, tax paying residents, we are equally entitled to have our opinions counted. The concerts bring income to the local businesses from residents and tourists alike. It is one of the biggest income producing events of the year. Canceling them would be so detrimental to the community. The people enjoying the concerts have already made sacrifices and compromises, now it's time to give them a chance to enjoy them.

Subject : Music at Lake Arrowhead Village

Message : I am more than upset at attempts to interrupt the Concert Series at Lake Arrowhead Village. I've been a full time resident of Lake Arrowhead for 22 years, and the series has always given my family great joy and entertainment during the summer months. The Village has always been very conscientious about keeping strict (and early!) time limits and volume limits to each and every show. Needless to say, the series brings business to local merchants, visitors to the area, and excellent entertainment to both visitors and locals alike. Without it, the local economy would suffer, as would the opportunity to enjoy the arts in our local community, at this wonderful setting. You are going to hear a loud roar from those who love this concert series as much as we do! Much larger and louder than any so called "complainers" in the neighborhood. The numbers will speak for themselves. If the few complainers don't recognize the multitude of boosts this gives to the local economy and the enjoyment of the community...perhaps they should find another place to own property. Lake Arrowhead is a community whose economy has always been deeply based in tourism, and attracting visitors from all over Southern California has always been an essential activity for the past 100 years. The area has always been deeply supported by musicians, actors, artists...and I think you'll see an outpouring of their support for the long continued life of entertainment, music and the arts in the mountain community. Don't let the whining of a few cry babies spoil the enjoyment and economic boost these events bring to the entire community. I think, when you weigh the number of complainers against those that enjoy and support these events...the answer will become crystal clear. Kirk Munchhof Box 1604 Lake Arrowhead, CA 92352

Subject: NOISE FROM SUMMER CONCERTS

To Whom it may concern

Dear Department of Land Services,

I am speaking in favor of keeping the concerts in Lake Arrowhead Village.

I want you to know that I have been able to hear the concert sound from Lake Arrowhead Village at my own home until this past summer. I never heard the music once. I actually liked hearing it even though it was faint. Another reason I'm in favor of the concerts is because it brings business into our community and we need more shoppers to come into our Village. I feel confident that Lake Arrowhead Village has listened to the complainers and has done everything they can do to be good neighbors to the residential areas surrounding the Village. Prior to this coming before the Mountain Advisory Council I had never heard anyone complain about the music from the concerts.

Respectfully submitted,

Voni Saxbury

Subject : Save the Music

Message : If the concerts leave, so will the generated monies that go through up here at that time.
Not to mention the Craft Fair's and Farmers Markets! I say turn it down a little and keep the concerts.

Subject : keep the music concerts

Message : Hello I am writing in support of the summer concerts. I live approximately 2 blocks from the Lake Arrowhead Village. In past years we were able to hear the music from our home. We are no longer able to hear the music from our home in fact there are times while at the concert the volume is so low that the "concert" experience is not felt, it's more casual listening. In addition, we had been renting a boat slip in Village Bay. We have never experienced hearing the music from the water. Please make the right decision and keep the concert series running. Thank you.

Subject : Save the Lake Arrowhead Village Summer Concerts

Message : We love the concerts at the village and the area needs the business. So many things have been terminated that it's becoming less inviting to visit for all age groups. My daughter figure skates in Aliso Viejo but first learned to skate in Lake Arrowhead and now the skating rink has closed. We hope it will re-open and we hope the concerts stay to provide some summer fun for families and bring more business to the area.

Subject : Save Lake Arrowhead Music Series

Message : My husband and I look forward to the summer series every summer when we visit my brother and sister-in-law who live in Lake Arrowhead. They go to almost every show and absolutely love them and purchase tables for larger groups each series. I think the music is great and it also gets me into the village for shopping and dinner whenever we see a show, as it is often hard to get me away from their boat and dock on the lake. I think the music is wonderful for everyone and must bring in more business to the village those evenings, than if there wasn't a show. I truly hope the music continues.

Subject : Keep the Summer Concerts and Music Events

Message : Please keep the Summer Concerts and Music Events! It would be detrimental to the Lake Arrowhead area if you stopped them. We go to the village every chance we get to the concerts. We always spend money when we go. It draws tourism who also spend money there. It draws people to the mountains. It is a way to keep the community together. We always meet people when we go, which makes for a tighter community. What a shame if you stop this. We need this in the summer, especially after such a pitiful winter. It gives the mountains a chance to recoup! Jenniffer May

Subject : Lake Arrowhead concert series

Message : As full time resident and local realtor, I encourage you to keep the Lake Arrowhead Concert series. We really need more events up here to support the area and its businesses. My home faces the lake on West Shore Rd. and I have always heard the weekend concerts, but they were just in the background and never bothered me. I thought of them as "summer sounds", like boats and people walking and laughing. I have noticed that the music was considerably lower last year and ended earlier. I think it is important to continue this entertainment for the community. Thank you, Vicki Smith

Subject : Lake Arrowhead Concerts

Message : We have enjoyed the concerts for years, back when dogs were allowed to attend. I do believe that the concert promoters have worked very hard over the past couple seasons to cooperate and compromise with the neighbors to appease their concerns by ending at 8:30 and by taking extensive measures to control the sound. It would be a shame to see this great summer concert series end. Please renew the permit so our friends and family can continue to enjoy the concerts in the Village. Judy Stepanek 760-500-3333

Subject : Save the Music!

Message : Hello! I am a fairly new resident of the Lake Arrowhead area. This summer will be my 3rd summer concert series up the lake and I absolutely CANNOT imagine a summer without it! The music is wonderful, but even more important, in my opinion, is the atmosphere these concerts create. I am from a small town in New York and have been looking for that same feel out here. I've finally found it in Lake Arrowhead. These concerts provide a time to stroll around downtown with my fellow lake residents and a time to meet new faces. Not to mention how important these activities are for the tourists who spend their summer weekends up at the lake! What a bummer it would be for the families to have no more friday/saturday nights filled with free music. Please, let's all work together to find a way to keep the music going. I can say without a doubt that the summer events, specifically the concerts, have helped solidify my place in this town.

Subject : Please keep the concert series

Message : The summer concert series is one of our favorite things at summer time. We live in Crestline and enjoy the music and atmosphere the concerts provide. We also have many friends down the hill that come up for them too. We usually eat at the village and do some shopping as well. I think if the concerts were canceled the businesses would suffer and so would our summers. Please keep the concert series.
