Subject : Please save the concert series

Message : The LA concert series is something we look forward to every summer and is what makes the community special. There are so few occasions where we get to bond as a community and share our special lake twon with our family and friends. It seems the organizers have taken steps to ensure it is contained to a two-hour window and will not interfere with any neighbors sleep time. Please keep the most prizes summer event in our mt community. Sincerely, Laura Coaty

Subject : Summer concert series

Message : Our family has owned a second home across from the village for over 15 years and our kids have grown up picnicking almost every weekend watching the bands. We used to go to the shows at Santa's Village and were so happy to have the Lake Arrowhead Village offer a great selection of music and an easy walk to watch, eat and hang out with our neighbors and friends. The sound is considerably lower than in the past. We used to be able to clearly hear the music from our home (which was great!) but now it is barely audible and ends before sundown, so I'm surprised that this is even an issue. It would be a shame to end this pastime both for families and the merchants based on the minority of opposers. Lisa Norquist

Subject : Support the Summer Concert Series & Music Events

Message : We starting coming to the concert series 8 years ago before we bought our vacation home in Lake Arrowhead. It was one of the reasons we want to live and be part of the community. We see the concert series key part of our summers and we appreciate all the effort the Village goes to in providing a great variety of music for my wife and I as well as our children. We bring guests to the concerts as well each year. Our guests make it an annual event to come to see certain concerts while others come to see whom ever might be playing that weekend. The Lake Arrowhead concert series has become a tradition and we need to do whatever we can to preserve this tradition. In fact, we need do what ever we can to enhance the series to bring more people to the village.

Message : The concerts are a great destination for visiting the mountains, anyone and everyone can enjoy them. They provide entertainment, support the economy, build a stronger community and are a positive experience for everyone. Without the concert, adults and kids will have little to occupy their time and you will see more and more wandering the streets, local economy will suffer, no activities to build a community. Keep the concerts and build the future. I love all the activities and feel I am part of the community. Thanks

Subject : Summer Concert Series

Message : To whom it may concern, We moved to Lake Arrowhead a little over a year ago and quickly found the pleasure of attending the Summer Concert Series in the village. I find it difficult to believe that there are complaints regarding this series as the shows start promptly at 6:30 and end promptly at 8:30 PM. In addition, I have noticed a great deal of effort by the village to mitigate sound nuisance for anyone who lives nearby and for some reason does not enjoy the free concerts. I cannot imagine the financial strain on the area if the concerts were to end. More importantly, a truly enjoyable series of events would no longer be available to those of us who take advantage of the concerts. Please do not stop these concerts. Thank you, Jeff Nash 364 Grass Valley Rd. Lake Arrowhead, CA 92352

Message : One of the greatest incentives to coming to our home in Lake Arrowhead has been the wonderful summer concerts. Despite our advanced ages, my wife and I enjoy almost every, single concert, and have never felt the volume was an issue. Who on earth would object to just two, small hours of fun for almost all the residents at Lake Arrowhead? It's a sad day when anyone complains about such a gift to so many people, when in fact the program is so short and so enjoyable. Please keep the great concerts as they are. Thanks.

Subject : Keep the concerts

Message : Please keep the summer concerts. Not only is it something as a local I love attending but it is great for the local businesses. Its a important way for us locals to make it through the slower months. The village has conformed rules and times to make this easier on the few people who have complained. Please don't let a few complainers take away something that is so loved by so many. From m understanding its one lady who lives across the lake and one part time resident. There are other places that have loud noises throughout summer time (The UCLA conference center) who plays music and movies late into the night (I've heard it past midnight on many occasions) and perhaps the noise is coming from them but the village is to get the blame. Thank you for putting the majority of locals opinions before that of one or two complainers.

Re: Lake Arrowhead Village Conditional User Permit
For Summer Concerts

Dear Mr. Prusch,

I am writing to express my support for the application for permanent Conditional User Permit by the Lake Arrowhead Village to continue hosting their Summer Concert Series.

Mr. Prusch, these concerts are the most effective and spirited community gathering events our mountain has to offer. On warm summer evenings, visitors and locals alike come together to hear great music and browse the local businesses. Children play on the lawn, boat owners flock to the docks to come have dinner and enjoy the music, and everyone gets to let go of the stresses of the week for a few hours while they spend time with friends and family.

From a strictly monetary perspective, I can tell you that my wife and I buy several tables (seating) a year for concerts, and invite many friends from the Redlands, San Bernardino, Victorville, and Rancho Cucamonga to join us. Over the course of the seasons, our family alone brings in 50 visits of adult customers to the Village who otherwise would not visit without the concerts as their reason for coming up.

Please consider granting the conditional user permit to the Lake Arrowhead Village so that these wonderful gatherings can continue. You will be preserving a sense of community that many mountain residents greatly value. Thank you!

Jim Grant

Re: Lake Arrowhead Village Summer Concert Series

Dear Mr. Prusch:

I have lived in Lake Arrowhead since 2000 and enjoy all the amenities our unique community has to offer; from lake activities to snowboarding and everything in between.

I live in a condominium complex less than 1/2 mile from the Village and right on Lake Arrowhead. I hear many sounds, ducks, geese, boat engines at 7am, laughter and sometimes music coming from the Village. I enjoy all of these sounds – these are the sounds of summer.

I am appalled that a small group of people are trying to get rid of the summer concert series. This community shares the lake with the Yacht Club and their sail races every weekend in the summer, the Water Ski Club with their loud and fast boats, and weekend revelers supporting our local merchants on the weekend. We are able to sustain ourselves as a community in a large part due to the many tourists and locals supporting the merchants. Please don't let a few part-timers ruin the lives of so many who depend on these events to support their businesses.

We full-timers understand the importance of maintaining our local economy. We don't have the luxury of packing up our lakefront cabin after Labor Day and relocating for the winter. We are here 365 days a year and deserve to do whatever is necessary to support and maintain our community, schools and hospital. These concerts help support our economy – please don't take them away from us.

Thank you.

Vickie,

Please forward this e-mail to the San Bernardino County Planning Dept.

I support the Village Concert series. The series has been going many years and is an important part of the summer in Lake Arrowhead. We enjoy boating over to the Village and listening the music. Generally, we listen for a while and then dine at one the fine restaurants.

I realize that the music carries, but it is only a few times a year and during the summer there is always a lot of boat noise anyway. When I hear the music at my house or dock, it makes me happy to think that there's people enjoying themselves at the Village.

I've lived in Lake Arrowhead for 28 years and there's not that much entertainment up here. The concerts are free and are one of the nicest parts of the summer. When the concert schedule comes out, I always look to it to see which bands I want to see.

Thank you for considering my thoughts.

Subject: Permit for Lake Arrowhead Concert Series

Hello Dave,

I am a Lake Arrowhead property owner with lake rights and wanted to voice my support for issuing a permit to The Village to continue their concert series. It is a wonderful event and allows families to come out and enjoy the music in Lake Arrowhead.

I have been going to the concerts for several years now and have never had any issues at all. They are nice, family oriented events that bring economic benefits to the area.

There will always be complainers, but events like these are one of the reasons we purchased in Lake Arrowhead. I hope they continue.

Thank you,

Subject: LAKE ARROWHEAD VILLAGE CONCERTS

I would like to state my support of the Village concerts! I have been a resident of Lake Arrowhead (Arrowhead Woods) for 18 years. I support our community in every way possible. The summer concerts not only provide enjoyment for the residents but also attracts tourists and businesses and much needed revenue to our mountain. The "noise level" of the concerts is absolutely no worse than parties at the Yacht Club which go on until late at night, and many other events that go on all throughout the community. From what I understand there is a very small number of people that complain about the 'noise level'. The number of people who support the concerts way outweighs those few.

Thank you,
Gail Huber

Subject: Support the Summer Concert Series

To Whom it May Concern,

I would like to voice my support for the Summer Concert Series in the Lake Arrowhead Village. These concerts are not only fun family functions, but also a time to catch up with friends while listening to great music. These concerts also allow us to view and be apart of up and coming acts as well as bands covering some of our favorite music.

I am disappointed that a resident that does not live hear full time has such a problem with an activity that is offered to full time residents, part-time residents and visitors.

This individual should know that our village needs all the help they can get to make money.

It is sad that this individual would take action as such and take away something that everyone but this individual enjoys. If this individual has a problem, they should visit the village as little as they do during the times the concert is not going on.

Please take this letter of support into consideration and keep our Summer Concert Series available in the Lake Arrowhead Village.

Sincerely,

A Full Time Resident

My family will be so disappointed if the Summer Concert Series in Lake Arrowhead Village is cancelled! We have a family home near the village and the summer concerts are a big reason we come up on many summer weekends! The village is otherwise lacking in activity and social events, and it definitely livens up the town! We bring other family members and friends with us on occasion from the LA area, and it is always a big hit with everyone. Please consider keeping this valuable community event going. I can only imagine the negative effect it will have on the businesses in the village as well. Lake Arrowhead Village needs these events! The people want these events to continue!

My name is Jeff Ballew

I'm a performer and have been in various bands that's played Lake Arrowhead Village in Desperado, Colour My World along with Hollywood Stones, and many more!

I'm 30 year resident to Lake Arrowhead as well.

The thought of a hand full of people along the lake complaining about being disturbed because of noise compared to the thousands of people that visit and spend money to make the economy flow in Arrowhead is a slam dunk no brainer!

Keep the concerts going and for the few that don't enjoy a little noise, sell your properties and move to France!

I hear its really quiet there!

Subject: Lake Arrowhead Village Concert Series

Dear David Prusch,

I am the manager at the Subway in the Lake Arrowhead Village. This concert series is not only imperative to keep our business alive, but to keep the local economy alive as well. If the concert series were to not take place, there are many retail taxes that the local government would lose as a result. It would also result in fewer tourists visiting Lake Arrowhead in general during the summer. The Lake Arrowhead Village as a whole would risk shutting down completely. The country is currently in a recession and California is amongst the worst states in debt. What the people who wish to end the concert series fail to see is the bigger picture. This affects them in greater ways than just a simple noise complaint. If the concert series does not take place, it would force the Lake Arrowhead Village and all its tenants to drive up their prices to make ends meet. This does include places like Jensen's and Stater Bros, where we all buy our groceries from. It would be those two places in particular forced to keep the economy alive up here. Many people will lose their jobs and livelihoods as a result. The people behind the noise complaint fail to see that they will spend more money in the long run and devastate the lives of thousands, because they want it to be quieter. The concert series breaks no sound laws. The music ends before 10 PM every night.

Whoever these people are, they have no legal ground to stand to fight this. The concert series observes all sound laws that have been implemented and the Lake Arrowhead Village is going above and beyond to accommodate these few people and their desires for a quieter summer. The concert series must continue if we all are going to be able to afford to live up here and contribute these taxes to the local government to help decrease our debt and make California as a whole, a more affordable place and desired place to live.

Thank you,

Kassie Beard

Hi.

I just found out that there's talk of ending this concert series...?

This really is too bad. This is the only real entertainment we get up here. It's a wonderful gathering event for friends & families, both locals & visitors.

I've lived up here for almost 24 years, owned several homes as well as establishing local businesses... & both myself & my wife, as well as my kids & grandkids often enjoy these concerts.

It's hard to imagine anyone having a problem with this...

But, there's always someone who'll pitch a fuss about just about anything, eh?

Please don't the few stuffy boo-hooers spoil it for the majority of us.

Kindest Regards,
Ron & Victoria Davis, & Family.

I own the McDonald's in Lake Arrowhead village.

The summer concert series is very good for our local businesses. It brings people into the area that may not have a reason to come otherwise.

Once there, they can see all of the amenities and return more often.

I strongly believe that this is a great community event, good for residents, businesses, and visitors as well.

Subject: Lake Arrowhead Music

Hi David.

I own a store in Lake Arrowhead Village. The Grapevine. We are a gourmet shop and wine bar and opened last May of 2012. The community of Lake Arrowhead is small and as a merchant in the Village we depend on 2nd home owners and Tourism to the area. We have many many people who come into our business and speak so highly of the concerts and how wonderful it is for the Village to put them on. Not only do the people who live in the community attend many concerts, but so do the 2nd home owners as well as the tourists. It keeps them in the village. Once the concert series is planned these people plan their weekends around the music to bring up their families, or friends to enjoy.

Prior to owning The Grapevine we owned another business here in the village, Triangle which we owned for 8 years. That store was on the lake side and many times you could not even hear the music. But we were happy when there were concerts because it helped drive consumers into the village and helped our business.

I feel that if the concert series were to stop the businesses in the village would suffer a tremendous loss of revenue.

The economy has all ready caused that. Please don't cause another economic downturn in this area. The Village employees alot of people who live in the area. We alone employee 6 individuals. And believe me come summer they are all working every single weekend. I hope you will take that into consideration when making your decision.

Thank you for your consideration in this matter .

Subject: Lake Arrowhead Concert Series

To Whom it May Concern,

When my family moved up to Lake Arrowhead a few months ago, one of the things that we were most looking forward to is the summer concert series. Having just moved from a seasonal location, we appreciate events that draw people, both tourists and locals. What a shame it would be to loose something that I know draws a huge crowd. Not only is it a great meeting place for locals but it makes for a great attraction for tourists and brings much needed revenue to the village.

I can't believe the noise concerns of a few homeowners could impact something that is so loved and necessary to the area! This would be a travesty to loose! What's next, not having a farmers market because of trash or parking? Or not allowing skiing in out local mountains because of the traffic. These are all things that are important to community!

Thank you,
Diane Daniels

Subject: Lake Arrowhead Summer Concert Series

Mr. Prusch,

I am a part-time resident of Lake Arrowhead, where my family has owned and maintained properties since 1971. I come up specifically for events, recreation, and local culture ... And to take a break from the Los Angeles area drama and politics.

One of the biggest draws for me, my family and friends is the Summer Concert Series in the Lake Arrowhead Village.

This summer, I am enjoying a new property. With it comes the desire to entertain friends and family. Upon receiving the Summer Concert Series schedule, I promptly booked tables for a number of concerts and sent invitations to dozens of friends and family. The result is a concert "booking list" of my people for at least nine of the concerts.

Each time, I have either purchased a full table for my party, have reserved hotel rooms, have booked local restaurants for meals, or any combination of those things. In short, my friends and family pour thousands of dollars into the local community as a direct result of the entertainment being offered in the village in the form of the Summer Concert Series.

I was told today that a "certain group of homeowners" has expressed sound complaints. I am in utter disbelief. I attend music events and festivals in dozens, if not hundreds, of venues annually ... And rarely are they as responsible, intimate and controlled as those in the Village Concert Series.

I sincerely hope the community, merchants and county authorities are bannng together to fight these complaints. Personally speaking, should these concerts go away, one of the biggest reasons I choose to spend my weekends here will vanish. With it will go the financial support of the community... And tax dollars to the county.

I sincerely hope a resolution can be found. In the interim, please feel free to contact me if I can be of any assistance to the cause.

Sincerely,

Michelle DiSimone

Subject: Lake Arrowhead Village Concert Series

Mr. Prusch,

I have been the Store Manager at the Jockey outlet in the Lake Arrowhead Village, for the past 18 years. I am in writing in support of the concert series, as I believe that there is a heavy influx of tourists that regularly frequent these concerts.

Over the years, I have seen a steady increase in business over the summer months, as a direct result of having these concerts here in the village.

In addition to the tourist dollars, we also see many of the locals, some who never frequented the village stores previously, now shopping the village establishments as a direct result of having these concerts.

In my store, we open the doors and listen to the concerts instead of our music, which creates a great shopping atmosphere for our guests, both tourist and locals alike. We also have to hire more personnel during the summer months, which in turn puts more money into the local economy through increased incomes for my employees.

The bottom line is that my store needs these concerts in order to survive in this tough economy, without them I cannot be certain that my store would be able to stay open.

I do not see an increase in crime, trash or undesirable crowds as a result of these concerts. In fact, my store has one of the least incidences of shoplifting in the country.

I believe that I can speak for all of my employees and many of my fellow merchants, when I ask that the village be allowed to continue with these summer concerts.

Thank you,
Chris Barta

Subject: Lake Arrowhead Village Concert Series

Mr. Prusch,

I am a regular attendee at the LAV concert series, and have been for many years. My family and I thoroughly enjoy these shows and find them to be very entertaining and a welcome weekend relief from the stresses of our work week. Before, during and after these concerts, we also regularly frequent many of the eating and shopping establishments in the village.

In addition, we also live within earshot of the concerts, so on the rare occasions that we are home instead of at the concerts, the noise from these shows is minimal and is certainly not bothersome.

I am writing in total support of these weekend concerts in the hopes that they will continue for many years to come. I believe that the management in the village has already taken steps to minimize the sound that some find bothersome. With these changes and the sound studies, concert time change, etc. I believe that we should be able to continue to enjoy these wonderful weekend shows, as I know that hundreds, if not thousands of other people, both residents and tourists alike, agree with me on this issue.

I have also had the opportunity to speak with some merchants in the village that feel that the concerts add a huge revenue boost to their numbers, especially within the food establishments. As you probably realize, the majority of the village merchants rely heavily on their summer revenue to sustain them through the offseason.

Thank you for your careful consideration on this issue.

Subject: Lake Arrowhead Summer concert series

Mr. Prusch

I object to the proposal that the summer concert series be shutdown. Many of the people on the mountain who attend these concerts have to endure the constant noise from motor boats all day long during the summer season. Will the homeowners who object to a few hours of music shut down their motor boat usage for as many hours as the concert lasts? I think not.

regards,

Jeff Seitz
Homeowner Arrowhead Woods.

Subject: Lake Arrowhead Village Concert Series

David,

I am writing to express my concerns at the possible loss of the Lake Arrowhead Village Concert Series. We (my wife of 37+ years) and or friends have enjoyed the series for the last 8 years and look forward to summer evenings in the Village. We stop and eat at one of the restaurants, then go and dance the evening away, visit with friends and strike up new ones. The concerts are a family friendly, local tradition and would be a tremendous loss to the entire mountain community should we lose it.

Thank you for taking a moment to consider my opinion.

Subject: Summer Concerts

Hello David,

I have been attending the Lake Arrowhead Village Summer Concerts since 2008. I met my love of my life that year. Our first dance was to The Answer performing Twist and Shout. I attend every Friday, Saturday concert and Sundays when they have someone playing during the season. I get off work on Friday afternoon and drive 3 hours in traffic from Vista, California just to attend. In fact, I just submitted all my get off work early requests for the entire summer concert series. I spend money in The Village and surrounding community and so does my boyfriend who is a local resident. I have purchased a table for a concert. I have brought friends and family to the concerts and had a birthday party at the concert last year with 60 guests. All which have contributed to the local economy. I have made many friends at the concerts. I notice that often it is standing room only and many of those people are buying alcohol and lots of food. The stores in the Village have lots of customers. A parking place is difficult to find. All these people attending are buying gas, spending money in the Village and surrounding towns. Please do not shut down the summer concerts. The closing of the concerts will greatly affect this mountain community. It is hard enough for people on the mountain to obtain employment in their own community. Snow Valley Resort is closing this week (Where many work during the winter months). Summer employment is needed. If the summer concerts close, my boyfriend will be spending more weekends at the beach with me and of course the local economy will be getting less of our dollars.

Respectfully,
Angel Hasegawa

Subject: Lake Arrowhead Concert Series

I have lived in the San Bernardino Mountains (full-time) for over thirty years and have attended the summer concert series since its inception. It has grown over the years and continues to be a great event for local residents and visitors to the area. The summer concerts also help the economic hardships in our county with increased business and revenues for hotels, gas stations, restaurants and many other retail businesses. My wife and I also own a restaurant located in the Lake Arrowhead Village called the Belgian Waffle Works which has been located "dockside" at the Village since 1982. When I read about complaints from people that state "the venues are too loud" I wonder if they also complain about noise from boats on the lake, cars on the road or even a neighbors television set? There are many times we can barely hear the music on the patio at our restaurant and we are less than 100 yards east from the stage, located at the dockside in the village. Many of our customers attend the concert venues and enjoy a meal before, during or breakfast the day after the concerts. Bottom line.... Maybe a few people have complaints? But the Summer Concert Series at Lake Arrowhead has been good for the mountain communities and gives families a fun evening out if the smog and heat of the city. With the economic downturn it has kept many of our businesses open and people employed. I also commend the Village and Merchants Association for their hard work in continuing this wonderful event, which reflects positive for San Bernardino County. Please feel free to contact us if you have any questions or need any additional information. Thank you. In 2006 my family and I visited Lake Arrowhead during the summer. We enjoyed all the amenities that the Village had to offer. The highlight of our evening was seeing the kids run about and listening to the music.

We enjoyed our weekly trips to the village so much that we purchased a home...complete with lake rights.

Please keep the series! Our families love it, its good for business and it adds a rich sense of culture and community to the area.

I am available to answer any questions. Thank you.

My husband and I are thrilled to have the opportunity to attend the Summer Concert Series each year. We've visited Arrowhead for the last 15 years through a close friend, and recently, moved here year-round. My husband works CalTrans and stays here during the week, while I, stay in Palmdale for work and commute to the mountain on vacations, weekends and holidays. Its the PERFECT getaway for our family, and now our grandchildren. PLEASE keep the Summer Concert Series going so that we can encourage our children, and grandchildren, to continue what has now become a family tradition!!! We love going each summer, the music is AWESOME, the atmosphere is very family-oriented, affordable, and great quality time for our family.

I have a second home in Lake Arrowhead and look forward each year to the Summer Concert Series. I hope that this remains in place. One of the reasons we bought here is because of the people, the climate and the many things they have going on in the village. It is a wonderful community and I wouldn't want to see it things change or go away

Please keep the Summer Concerts Going!!!

Signed,
An avid concert goer.

Dear Mr. Prusch,

I am concerned because I heard the county is considering shutting down the Lake Arrowhead Village Concert Series. My wife and I live in Orange and own a second house in Twin Peaks because we love the mountain community. One of the reasons we bought in the area is because of the Concert Series. Every year we look forward to going to the Village to listen to the excellent array of music. It's a wonderful event that draws many people from different areas, where they can come and see how beautiful the mountains are. Concert goers can shop in the stores and everybody seems very orderly and has a good time.

As I said, one of the main reasons we bought in the area is because of the Concert Series. I hope it continues for a long time!

Sincerely, David Matsuyama

To Whom it May Concern,

As a life long mountain resident I am upset to hear of the possibility of the summer concert series being stopped. I too can hear the concerts from my home near the lake and I frankly enjoy hearing the music drifting across the lake on summer evenings. I enjoy taking my kids to the concerts and meeting up there with other families for dinner in the village and some shopping before the show. We have also purchased a table for several shows this season. It would be a huge disappointment for our family and friends if this came to an end. Please keep this tradition alive for our community to enjoy.

Respectfully,
Melissa Harich

Subject: Concert Series

Good Morning,

I have been coming up the mountain since before my kids were born. Enjoying the lake and the entertainment. I am one of those flat landers that decided to purchase a home in Lake Arrowhead one afternoon. Now I am considered a weekender! We enjoy coming up and inviting our friends and family to join us in every activity. I purposely do not bring groceries up so I can make the famous trek to my favorite Jenson's. I always make a point of heading to the village to see what's happening, get doggie biscuits, for dogs I do not own. Underwear that I do not need, dine at the restaurants that my rear-end can do without. We purchased a home based on the total charm of the lake, the concerts, the stores, the restaurants, Atving, the gun range and people. I want my home to be passed on to generations of family as my kids make their own. Memories are made at this lake which include these concerts. It is the whole package that drew us up. So much has changed already. Just leave it alone it's not broken.

Kind regards,

Lola Knicker

Subject: Concerts

It is with great concern that I write this letter. With the threat of losing our Summer Concert series I write this with a heavy heart. The fact that one individual is making this a personal fight and having petitions signed to have our concerts taking from our lake is one of ludicrous thinking. I lived here for 15 years and have looked forward to the summer for all the fun the Village brings. Well before I worked on this mountain, I enjoyed the Village events. I commuted for five years off this mountain and have had many co-workers and friends and family from out of the area come up for the great events put on by the Lake Arrowhead Village. If they take away concerts that are an economic impact on our area, how long before these people take away the fireworks on 4th of July. The concerts are over by 9PM, well in time for the county ordinance on the noise level.

The economic hit that our community will take will be huge. I am a business person in the community with a stake in keeping our money on the mountain. Summer concerts, both Tavern Bay Jazz, Wine Festival, Summer Concert Series, ski racing, and the Lake Arrowhead Yacht Club all create a normal sound for music and that noise is brought down at the county mandated time frame. Taking these things away takes away from locals and tourist spending money at these events. Not only at the concerts, beer sales, food sales, but the local restaurants and shops in the Village will dramatically be hit hard by not having the customer traffic that these events bring. We all go through a hard winter with less tourist and the summer months are the time all business thrive. The Lake Arrowhead Village is the anchor that makes our community and they have to be able to operate the concerts in order for our economic strength.

Entertainment value ~ So many people have come up the mountain only to be surprised at what a close knit wonderfully open community we are. It is amazing to go to the Village and enjoy the music only to run in to people we know or new friends we meet. It is a great place to go and enjoy a night out, concert, dinner on a patio at Papagayo's, The Lake Arrowhead Deli, Woodys, Belgium Waffle... Or sipping some wine at Grapevine? Buying a new purse at Coach? Looking for a birthday gift for my father? Just a point that one thing brings in many things and co-exist to give our community life!!!

Family ~ Where else could I take my family and feel so at ease in a crowd of people? We take our boat to the Village and have a family night right there. From the time our son was young, he could enjoy the concerts and the Village without us feeling stressed that something bad might happen to him. He knows everyone, as everyone knows him.

I hope this letter hits hard in to the people who are trying to take this from our community. If there is something more that my family can do please let me know. Thank you for your time.

To whom it may concern:

This letter is in support of the concert series in Lake Arrowhead Village. These concerts have become a "family affair" for me, my mother and my children. My children have attended them since they were born (literally a few days later). We love attending these and see many familiar faces at each one. It must be helping the village vendors as they continue to support them. I work in San Bernardino and often see people from my work who live down the hill so the concerts are definitely a draw. Family who visit from out of town, time their visits with concerts they would like to see.

The concerts are only 3 hours and last until 9, how can this be a violation on anybody?

My family (at least 8 different households on the mountain) and I will be very disappointed if these concerts are not allowed to continue based on a few complaints.

Thank you

RE: Concerts in the Village Summer Series

Dear Mr. Prusch;

It has been brought to my attention by a friend of mine, who is a long-time resident of Lake Arrowhead, that there is a possibility that the Concerts in the Village Summer Series may be discontinued. I feel compelled to write this letter in an attempt to save the series!

I travel from Long Beach to Lake Arrowhead AT LEAST three times during the summer months to attend concerts in the village. I absolutely love it ~ and so do the friends that join me. You can't help but feel the positive energy from the residents and visitors at the concerts and the great sense of community.

I can only imagine how the concerts positively impact the economy of the Lake Arrowhead area, as well. I know that, for myself, when I attend a concert in the village, I pay to stay in a hotel/lodge, I shop in the local stores, as well as eat at several of the surrounding restaurants. Never once have I, personally, just made the trip for the concert and not stayed the whole weekend.

Lake Arrowhead is a beautiful place to visit, and my friend loves living there, but it is the concerts that keep me coming back!

I hope that this letter and the other letters I know you are getting help to make a difference and let you see how important this event is to the Lake Arrowhead community, as well as to those of us who look forward to the concert series each and every year.

Thank you for your time and consideration.

Sincerely,

Julie Cabot

Subject: Lake Arrowhead concert series - support

Supervisor Rutherford-

It has recently come to my attention that the Lake Arrowhead Village may need special permits to continue their ongoing summer concert series. We have such a limited opportunity to generate revenue it would be a travesty to charge for a permit. We are not a thriving community and the few businesses that have held on in the financial depression - can not afford to be hit with anymore fees or charges. I have friends from other counties that plan their weekend trips to see me based on the concert series calendar I send them. These weekends include patronizing many of the local community business - which already does increase the sales tax you receive. Please leave this alone.

Best regards

Wanted to put in my vote to please please please do whatever it takes to make these summer concerts happen. The benefits are obvious, so I won't go on about that here and I don't really know the details of what is happening with this, but I wanted to be sure I've done my part with an email to you! Thanks!

Subject: Lake Arrowhead, concert permits

Hi I grew up in Arrowhead and loved it. Then of course I went away to college got married and moved out of state. But I am back now and look forward every year to our unofficial High School reunion that we call Jensen's grinders on the bleachers afterwards many of us get together and go out for a night on the town as they say. Dinner, a walk around the village maybe a drink and watch a concert. It brings back so many memories of childhood. Now we hear that Arrowhead is being given a hard time about the outdoor concerts. That some people feel they make too much noise. I used to live right behind Elmer Luther's real estate and KFC restaurant and it would never have bothered me to hear a concert on a Saturday night in the summer. Honestly would have been rather nice. No need to pay for entertainment it is already provided. I do remember when the village was burned and re-burned for fire fighter training and how many times the fire would get out of control. Now that was scary but a part of history. When I look back now I would not have changed it unless I could have kept my village but the new one is good too. Instead of fighting the concerts, take your kids, enjoy them get closer to your family and spend some time together. Be a part of history. Please do not make them stop them or get special permits, they are there to bring us all closer together, thank you.

God Bless! Ellen & Adel

To Whom It May Concern:

The management division of my company represents Martha Davis and The Motels, who are set to play the Lake Arrowhead Summer Concert Series on May 18th. My company has also arranged for the opening band, Pierce the Arrow, featuring Tom Sandoval, who stars in the #2 reality show on television, Bravo's "Vanderpump Rules." We think the combination of Ms. Davis, an international artist, and this exciting young opening band, will be a highlight for the series, and a positive for the community in general.

I am also a homeowner in Lake Arrowhead, and have been concerned about the potential interference with these valuable concerts by a handful of residents who don't seem to have the overall interests of the community in mind. In our case, I worked closely with Vickie, at the Village, to make certain their request for Martha and the band could be met, as before our management team was involved it was not going to work; on September 2nd, Martha has a show for an audience of approximately 10,000 (playing with The Bangles) at her normal fee of many, many multiples of what she's getting for the Arrowhead show. There was a previous "radius clause" that would have not allowed for Martha and the band to play Arrowhead, but I was able to work around that. The point being this type of event is very valuable to the community and should not be lost because of some extreme views of a few people.

Your consideration of this is greatly appreciated, and I am available should you have any questions.

My very best,

Greg H. Sims

Good morning, David!

I know that the period for collecting comments for the Lake Arrowhead Village Conditional Use Permit has passed, but in case you hold onto them as they come in for inclusion later, I've got another one attached.

Thank you for returning my call this morning. I'll buzz you back soon!

Best,

Vickie Goodglick
