BACKGROUND:

The applicant, Tawfik Ghorab, operates an existing, permitted local market, and seeks a liquor license from the California Department of Alcoholic Beverage Control (ABC). The project site is located at 25133 West Main Street within the Land Use Category of Commercial (C) and a zoning district of Rural Commercial (CR). The primary purpose of the CR zoning district is to provide locations for retail, office, and service commercial businesses for local residents, regional markets, and visitors/tourists that provides employment opportunities for residents in the surrounding area. The CR zoning district allows for a mix of commercial and lower density residential uses in rural areas. The existing market is an allowed use in the CR zoning district.

The applicant filed an application with ABC for a type 21 license that would allow the sale of beer, wine and distilled spirits for off-site consumption. ABC has determined that there is an overconcentration of similar ABC licenses in the vicinity and the applicant was directed to obtain a letter of Public Convenience or Necessity (PCN) from the County.

The applicant submitted the required Licensing Review application to the County on June 22, 2021 (Exhibit A). After the application was deemed complete, project notices were sent to all property owners within 500 feet of the external boundaries of the site. As a result of project notification, staff received feedback from the public both in support of and in opposition to the issuance of the PCN Letter. On October 6, 2021, the Director determined that a public convenience or necessity will be served by the granting of the license and issued a PCN letter.

APPEAL:

The appellant filed an Appeal Application (Exhibit C) on October 15, 2021, to overturn the Director's PCN determination. The basis of the appeal cites law enforcement problems that may result in, or add to, undue concentration of ABC licenses and that the site is unsuitable for a Type-21 ABC License. The appeal was timely filed and deemed complete for processing on November 2, 2021. As outlined in Development Code § 85.04.030(d) notice was provided to owners and occupants of property located within 500 feet of the exterior boundaries of the proposed establishment.

PUBLIC CONVENIENCE OR NECESSITY:

The California Constitution grants ABC exclusive authority to issue licenses for the sale of alcoholic beverages subject to limitations the Legislature enacts. (Cal. Const., art. XX, § 22.) The Constitution further provides that ABC "shall have the power, in its discretion, to deny, suspend or revoke any specific alcoholic beverage license if it shall determine for good cause that the granting or continuance of such license would be contrary to public welfare or morals...." (*Ibid.*)

ABC may deny the issuance of a liquor license "if issuance would result in or add to an undue concentration of licenses." (California Business and Professions Code¹ § 23958.) Notwithstanding this prohibition, ABC may issue a license that would result in an undue concentration of licenses "if the local governing body of the area in which the applicant premises are located ... determines within 90 days of notification of a completed application that public convenience or necessity would be served by the issuance." (§ 23958.4, subd. (b)(2).) The local governing body may delegate the public convenience or necessity determination to a "subordinate officer or body." (*Ibid.*) If the local governing body or its

¹ All further reference is to the California Business and Professions Code unless indicated otherwise.

designee fails to act timely, ABC may still issue the license provided it determines issuance would serve the public convenience or necessity. (*Ibid.*)

What it means to have a “public convenience or necessity” is not statutorily defined. As a result, courts have concluded that “whether issuance of a license would serve the public convenience or necessity must be determined on a case-by-case basis; there is no single fact that must be established because there is no single definition of what constitutes public convenience or necessity. The primary consideration is whether the determination is reasonable based on the circumstances of each case.” Nick v. City of Lake Forest (2014) 232 Cal.App.4th 871, 886.

Whether the local governing body or the ABC makes the public convenience or necessity determination, the ultimate decision to issue the license lies with ABC. (Cal. Const., art. XX, § 22; see §§ 23958, 23958.4, subd. (b)(2).) ABC still must determine whether the applicant and the premises for which a license is sought satisfy the Alcoholic Beverage Control Act's other requirements, and whether issuing the license would be contrary to public welfare or morals. A local governing body's public convenience or necessity determination is, therefore, only one of many factors bearing on ABC's final decision.

ANALYSIS:

In order for the County to issue a letter of PCN, a finding must be made that a public convenience or necessity will be served by the granting of the license. The subject property is located within a census tract that allows for four licenses of this type. Any licenses issued beyond this limitation are considered an overconcentration and requires a finding of PCN from the local governing body or ABC.

In reviewing this request, the County found the following:

- Lenwood community by itself has only one ABC Type-21 license authorized in the portion of census tract 118.02 west of Highway 58 where the subject property is located. Therefore, the additional license would provide a public convenience where there is currently only one other Type-21 license, located at 25181 West Main Street.
- Five Type-21 licenses exist in the downtown Barstow—3.5 to 5.6 miles away from the location where the subject license is being requested, indicating that the real concentration is actually in Barstow's downtown area and not in the Lenwood area where the license is being sought.
- Type-21 ABC License provides a unique convenience that is not being offered by other types of licenses such as Type-20 which authorizes the sale of beer and wine (excluding distilled spirits) for consumption off the premises where sold, or Type-47 which authorizes the sale of beer, wine and distilled spirits for consumption on the licenses' premises such as restaurants.
- The County's Planning Division is not aware of any substantial evidence that the issuance of the ABC license in question would create additional law enforcement issues. The application was noticed to the Barstow Sheriff Station to solicit any concerns. The Planning Division did not receive any response indicating concerns with the application.
- ABC still retains the discretion and final decision on whether to issue the license. ABC must still determine whether the applicant and the premises for which a license is sought satisfy the Alcoholic Beverage Control Act's other requirements, and whether issuing the license would be contrary to public welfare or morals.

RECOMMENDATION:

That the Planning Commission **DENY** the Appeal and **FIND** that a public convenience or necessity will be served by the granting of the requested license.

To whom it may concern, we believe that we really need a type -21 license because our customers are asking for it and do not want to shop at the store across the street for the reason of price gouging. We also believe it would improve our business. We have collected many names and signatures from our customers for this request.

Thank you

Re: 25133 W. Main Street, Lenwood, CA 92311/ Project No. PAPL -2021-00005

Planning Department or To Whom It May Concern;

The attached Concerned Citizens of Barstow/Lenwood are writing you this letter in opposition of granting the applicant for 25133 W. Main Street, Lenwood CA 92311 ("Subject Property") a Letter of Public Convenience or Necessity. The Subject Property is required to obtain such a letter because it is barred from receiving a General Off-Site- 21 Liquor License by California ABC Law.

The California Department of Alcohol and Beverage Control ("ABC") has strict requirements for issuing General Off-Site Type 21 Liquor Licenses to applicants. One of these strict rules is the number of licenses issued on a population basis. Barstow/Lenwood is currently at capacity, and therefore the Subject Property is not eligible for a General Off-Site-21 Liquor License.

While there is no limit on the number of General Beer and Wine Only Licenses issued, the sale of liquor and distilled spirits is adjudged much differently. The reason is that the sale of liquor and distilled spirits are known to draw unsavory and dangerous individuals to loiter. The sale of liquor and distilled spirits also foster dangerous activity such as violence and drunk driving.

If the ABC won't issue the Subject Premises an OFF-SITE GENERAL-21 LIQUOR LICENSE without an exception letter, why in the world would the County want to make an exception?

The Subject Premises serves no substantial economic purpose and provides no convenience or necessity. In fact, the Subject Premises actually would cause quite the contrary. The Subject Premises is directly across the street from a playground, a church and a building used for youth group gatherings. Worse, the community is small and sufficiently served for purposes of liquor and distilled spirit sales. As a result, it is likely the Subject Premises and its operator will not uphold age limitations or responsibly sell liquor since it will be an unnecessary outlet.

Please do the right thing and help us protect our small community. The County has saved us from other unruly applicants trying to defy the ABC law in the recent months under similar circumstances.

Re: Project Number PABC-2021-00006
Assessor Parcel Number 0422-054-05

Mr. Leviticus Flekane

Brief in support of Appeal

May it please this Commission;

This appeal is being submitted on behalf of the concerned citizen's of Lenwood and the constituents located in the affected area. We ask that the San Bernardino County Planning Commission determine that the issuance of a Type-21 Off-Sale General license for 25133 Main Street, Barstow, CA APN 0422-054-05 (hereinafter the "Premises") would not serve a public convenience or necessity. We ask that the Commission overturn the Notice of Decision and the Staff approval of a variance application made on October 6, 2021.

Procedural Background

The Department of Alcohol Beverage Control (hereinafter the "Department") shall deny an application for a license, or a transfer of a license, if its issuance would result in a law enforcement problem or result in or add to an undue concentration of licenses. Cal. Bus. & Prof. Code § 23958 (West).

Upon the above finding by the Department, Tawfik Ghorab (hereinafter "Applicant") and Lenwood Discount Market (hereinafter "Establishment"), submitted a variance application for an ABC Letter of "Public Convenience or Necessity" for issuance of an ABC Type-21 Off-Sale General license. This variance application is required to circumvent the statutory bar provided for in Cal. Bus. Prof. Code § 238958. The exception the Applicant is attempting to use is provided for in Cal. Bus. Prof. Code § 238958.4(b)(2) which states in pertinent part, "*if the local governing body of the area in which the applicant premises are located determines ... that public convenience or necessity would be served by the issuance*" the Department may issue a license.

The Department may rely, and is not required to independently determine, whether issuing a license would serve public convenience or necessity when a local governing body has already made that determination. Nick v. Dep't of Alcoholic Beverage Control, 233 Cal. App. 4th 194. San Bernardino County Code of Ordinances §85.04.020 adopts the State requirements and definitions regarding alcoholic beverage control and formalizes the State requirement a local jurisdiction shall make a determination of public convenience or necessity before the ABC will issue a liquor license.

Pursuant to San Bernardino County Code of Ordinances §85.04.030 the Director of the Planning Division of San Bernardino County (hereinafter the "Director") shall review and act upon a

request for a letter of public convenience or necessity. The Director took such action and pursuant to section 3(d) of that ordinance provided notice of the license request and subsequently issued a Notice of Decision on October 6, 2021 that the County of San Bernardino would issue an ABC Letter of Public Convenience or Necessity.

Now, the concerned citizen's of Lenwood timely file this appeal pursuant to San Bernardino County Code of Ordinances §86.08.040 and ask the San Bernardino County Planning Commission to overturn the decision of the Planning Division and deny any variance being requested by the applicant as it applies to the issuance of an ABC Letter of Public Convenience or Necessity.

The Premises is Not Suitable for a Type-21 Off-Sale General License

Even before considering the Applicant, the Applicant's failure to meet its burden in requesting the ABC Letter of Public Convenience or Necessity, the overwhelming community disapproval of the application, the Premises is not suitable for a Type-21 Off-Sale General license pursuant to state and local laws.

State Law

Pursuant to Cal. Bus. Prof. Code § 23789(a)(b), *"(t)he department is specifically authorized to refuse the issuance ... of any retail license for premises located in the immediate vicinity of churches and hospitals. The department is specifically authorized to refuse the issuance ... of any retail license for premises located within at least 600 feet of schools, public playgrounds or youth facilities."* Here, the Premises is located directly across the street from Lenwood Community Church which also is the site for youth facilities.

The Premises has been licensed as a Type-20 Off-Sale Beer and Wine license for nearly 50 years. The Applicant purchased the Premises and the Establishment based on a multiple of earnings that was representative of the license that is appropriate for the location of the Premises, beer and wine only. This zoning designation was very intentional and in conformance with state law. While no alcohol sales whatsoever would be preferable in a location that is directly proximate to children and faith-based communities, California law makes no limitation on the issuance of a Type-20 Off-Sale Beer and Wine licenses.

Notwithstanding, Cal. Bus. Prof. Code § 23001 states *"... an exercise of the police powers of the State for the protection of the safety, welfare, health, peace, and morals of the people of the State, to eliminate the evils of unlicensed and unlawful ... selling and disposing of alcoholic beverages, and to promote temperance in the use and consumption of alcoholic beverages. It is hereby declared that the subject matter of this division involves in the highest degree the economic, social, and moral well-being and the safety of the State and of all its people. All provisions of this division shall be liberally construed for the accomplishment of these purposes."*

As a result, the perils of certain types of alcohol sales versus beer and wine only sales are both contemplated in the state law and purposely provided for.

Subjecting the children and faith-based community of Lenwood to alcoholism, abuse, and addicted persons that consume alcohol in public and the unintended consequences of a premises that is licensed with a Type-21 Off-Sale General license is the exact consequence the law aims to prevent.

San Bernardino County

In previous applications for the issuance of a Type-21 Off-Sale General license in the recent past at 25321 Main Street and 25254 West Main Street, the Director made the determination to not issue an ABC Letter of Public Convenience or Necessity due to the proximity of those locations to Lenwood Elementary School. San Bernardino County Ordinance §84.02.030 provides guidance with respect to adult businesses. In that Ordinance, places of worship, schools, and parks all are treated as equals and are required to be 500 feet from the adult business. Moreover, the fact that the San Bernardino County Ordinance treats places of worship, schools, and parks equally with respect to adult businesses, it stands to reason that those three special designations are equivalent for a Type-21 Off-Sale General license.

The Premises here is located closer to a church than either 25321 Main Street or 25254 West Main Street were located to Lenwood Elementary School. As a result, the County cannot in good faith show favor to this Applicant by inconsistently issuing an ABC Letter of Public Convenience or Necessity without discriminating against my clients.

While the San Bernardino County Ordinance is silent on distances from a Type-21 Off-Sale General license with respect to places of worship, schools, and parks, the California code is not. As stated earlier, pursuant to Cal. Bus. Prof. Code § 23789(a)(b), a Type-21 Off-Sale General license shall not be issued to a premises in the immediate vicinity of churches and hospitals or located within 600 feet of schools, public playgrounds or youth facilities.

For the aforementioned reasons, the Premises is lawfully unsuitable and cannot be determined as an exception to the Department's statutory bar to the issuance of a Type-21 Off-Sale General license. As a result, the County of San Bernardino should not contravene established laws and issue an ABC Letter of Public Convenience or Necessity in favor of Applicant.

The Applicant has Failed to Establish a Public Convenience or Necessity for the Premises.

It goes without saying that the Department would not issue the Premises a Type-21 Off-Sale General license on its own authority. As a result, the Applicant finds himself before this Commission asking for a determination of "public convenience or necessity" as an exception to the rule. In his ask, the Applicant bears the burden of proof.

In Project Number PABC-2021-00006, Applicant asks the County of San Bernardino to step in and grant its application for a Type-21 Off-Sale General license on the grounds of a "public convenience or necessity." Unfortunately, neither this Applicant, nor any previous owner who has attempted to be granted such a license for the Premises in the past, can demonstrate either a

public convenience or necessity for the issuance of such a license. In fact, a large reason why the Premises and the Establishment was sold to Applicant for a discount in recent years was due to the fact that the community had overwhelmingly opposed this exact application. The Applicant has failed to demonstrate:

- how the proposed use will not be detrimental to the character of development in the immediate neighborhood and will be in harmony with overall objectives of the general plan;
- prove/demonstrate the economic benefit outweighs the negative impacts to the community as whole;
- demonstrate how issuance of license will provide a needed service not currently being met in the community;
- identify the special and unusual circumstance present here to justify a new retail alcohol outlet when there are already similar alcohol uses existing nearby;
- prove they cannot operate profitably without a liquor license;
- demonstrate reasonable efforts to seek community input;
- net employment gain;

In fact, the Applicant has proven nothing with respect to convenience or necessity. While the concerned citizen's of Lenwood have alternatively proved how the variance violates the law, the Applicant fails to establish even the most rudimentary basis for providing an exception to the rule. Most likely, the Applicant looks to the County of San Bernardino to provide him a windfall by changing the rules of the game after his purchase.

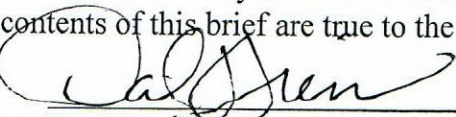

The Community has Made its Own Determination Regarding the Public Convenience or Necessity of Applicant's Application for a Type-21 Off-Sale General License

In previous situations the community has spoken out firmly about their disapproval of another liquor license being approved. Please find the attached letters from Lenwood Community Church and the Veterans of Foreign Wars of the United States. Also attached are a Protest Against Alcoholic Beverage License Application signed by 165 persons, a community letter with various signatures from a previous liquor license application, as well as a Google map of the specific location.

While the concerned citizens of Lenwood respectfully submit this appeal to the Commission with deference to its powers, we suggest that the community has already spoken on its own behalf as to both public convenience and necessity. In this brief it has been established that 1) the Premises is unsuitable, 2) the Applicant has failed to establish a public convenience or necessity, and 3) the community at large has rendered judgement as to the use of the public convenience and necessity exception as it relates to the issuance of a Type-21 Off-Sale General license.

Submitted this 15th day of October 2021 on behalf of the concerned citizens of Lenwood, I affirm the contents of this brief are true to the best of my knowledge.

Re: 25133 W. Main Street, Lenwood, CA 92311/ Project No. PAPL -2021-00005

Planning Department or To Whom It May Concern;

The attached Concerned Citizens of Barstow/Lenwood are writing you this letter in opposition of granting the applicant for 25133 W. Main Street, Lenwood CA 92311 ("Subject Property") a Letter of Public Convenience or Necessity. The Subject Property is required to obtain such a letter because it is barred from receiving a General Off-Site- 21 Liquor License by California ABC Law.

The California Department of Alcohol and Beverage Control ("ABC") has strict requirements for issuing General Off-Site Type 21 Liquor Licenses to applicants. One of these strict rules is the number of licenses issued on a population basis. Barstow/Lenwood is currently at capacity, and therefore the Subject Property is not eligible for a General Off-Site-21 Liquor License.

While there is no limit on the number of General Beer and Wine Only Licenses issued, the sale of liquor and distilled spirits is adjudged much differently. The reason is that the sale of liquor and distilled spirits are known to draw unsavory and dangerous individuals to loiter. The sale of liquor and distilled spirits also foster dangerous activity such as violence and drunk driving.

If the ABC won't issue the Subject Premises an OFF-SITE GENERAL-21 LIQUOR LICENSE without an exception letter, why in the world would the County want to make an exception?

The Subject Premises serves no substantial economic purpose and provides no convenience or necessity. In fact, the Subject Premises actually would cause quite the contrary. The Subject Premises is directly across the street from a playground, a church and a building used for youth group gatherings. Worse, the community is small and sufficiently served for purposes of liquor and distilled spirit sales. As a result, it is likely the Subject Premises and its operator will not uphold age limitations or responsibly sell liquor since it will be an unnecessary outlet.

Please do the right thing and help us protect our small community. The County has saved us from other unruly applicants trying to defy the ABC law in the recent months under similar circumstances.

The Subject Property is required to obtain such a letter because it is barred from receiving a General Off-Site- 21 Liquor License by California ABC Law.

The California Department of Alcohol and Beverage Control ("ABC") has strict requirements for issuing General Off-Site Type 21 Liquor Licenses to applicants. One of these strict rules is the number of licenses issued on a population basis. Barstow/Lenwood is currently at capacity, and therefore the Subject Property is not eligible for a General Off-Site-21 Liquor License.

While there is no limit on the number of General Beer and Wine Only Licenses issued, the sale of liquor and distilled spirits is adjudged much differently. The reason is that the sale of liquor and distilled spirits are known to draw unsavory and dangerous individuals to loiter. The sale of liquor and distilled spirits also foster dangerous activity such as violence and drunk driving.

If the ABC won't issue the Subject Premises an OFF-SITE GENERAL-21 LIQUOR LICENSE without an exception letter, why in the world would the County want to make an exception?

The Subject Premises serves no substantial economic purpose and provides no convenience or necessity. In fact, the Subject Premises actually would cause quite the contrary. The Subject Premises is directly across the street from a playground, a church and a building used for youth group gatherings. Worse, the community is small and sufficiently served for purposes of liquor and distilled spirit sales. As a result, it is likely the Subject Premises and its operator will not uphold age limitations or responsibly sell liquor since it will be an unnecessary outlet.

Please do the right thing and help us protect our small community. The County has saved us from other unruly applicants trying to defy the ABC law in the recent months under similar circumstances.

One of these strict rules is the number of licenses issued on a population basis. Barstow/Lenwood is currently at capacity, and therefore the Subject Property is not eligible for a General Off-Site-21 Liquor License.

While there is no limit on the number of General Beer and Wine Only Licenses issued, the sale of liquor and distilled spirits is adjudged much differently. The reason is that the sale of liquor and distilled spirits are known to draw unsavory and dangerous individuals to loiter. The sale of liquor and distilled spirits also foster dangerous activity such as violence and drunk driving.

If the ABC won't issue the Subject Premises an OFF-SITE GENERAL-21 LIQOUR LICENSE without an exception letter, why in the world would the County want to make an exception?

The Subject Premises serves no substantial economic purpose and provides no convenience or necessity. In fact, the Subject Premises actually would cause quite the contrary. The Subject Premises is directly across the street from a playground, a church, and a building used for youth group gatherings. Worse, the community is small and sufficiently served for purposes of liquor and distilled spirit sales. As a result, it is likely the Subject Premises and its operator will not uphold age limitations or responsibly sell liquor since it will be an unnecessary outlet.

Please do the right thing and help us protect our small community. The County has saved us from other unruly applicants trying to defy the ABC law in the recent months under similar circumstances.

"A Christ Centered, Family Friendly Place to Grow in the Lord"

30 December 2020

As a Pastor in the small Lenwood community, I wanted to share with you that this project would not be the right fit for our community.

This small community for almost 50 years has had at least two stores "Lenwood Discount Market" which serves beer and wine; AND "Divine's Market & Liquor" which serves groceries, beer, wine & hard liquor as well.

The people who manage the Lenwood Discount Market are local community residents. "Khalid Hamdan, AKA Kelly" cares and supports this community, respects its rules, and never allowed any activities may harm the new generation. Any changes in ownership may not guarantee this respect and support.

Mr. Hamdan Has shared with me his desire to stay in this community and continue its support to it. Though, he is forced to leave because of the owners wish to sell the business. He tried many times to honor the purchase price and match it and he was faced with a resistance from the current sells.

As a community church leader, we hope to help this community by not having any new business owners since there is no guarantee to the continuity of the community support knowing that Kelly had been in this community for the last 18 years with NO complaints.

We, as a community, as a Church "Lenwood Community Church" and Me personally, we would like to object such change to our small community knowing that there is a fair alternative to the sellers. I will ask the community to petition such expansion on a separate petition.

Sincerely.

Ms. Irene Romero

RE "Project Number PABC-2020-00009" AND "Assessor Parcel NO 0422-023-16".

Dear Ms. Irene:

As a Pastor in a small community, "Lenwood Community", I wanted to share with you that this project will not be the right fit for our community.

We all know that a new business is good to the community, and competition is even better for business, however Alcohol, especially hard Liquor always was and will continue to be a reason for increase in addictive people in our community, and lead to more broken families which could results to more children suffering from lack of cohesiveness in families. This ultimately will increase homelessness as well as crime in this community.

The small community of Lenwood has had two store for the last 50 years; "Lenwood Discount Market" which serves beer and wine, and "Devine's Market & Liquor" which also serves groceries, beer, wine & hard liquor. As a Church we believe that the two liquor stores are more than enough for the little community of Lenwood, and that we would benefit from a restaurant, a day care, and/or laundry service more that we will benefit from another liquor store.

We had a similar request few years ago for the "Shop For Less" store which is located at 25321 Main St, Barstow, CA 92311". At that time, the community stood together against its desire to add a liquor license also, even though the community still enjoys the benefit of having a grocery store in that location to date. "Shop For less" was far enough from the church but too close to the community school; this proposed location "25254 W Main Street" is too close to the church and it is almost "next door".

Communities across the country and Lenwood in particular will always object an expansion of a new liquor license for many reasons, below are just few:

- Harm from alcohol abuse and misuse or associated violence.
- An adverse effect on the health or safety of members of the public.
- An adverse effect on the amenity of the community.
- Proposed Location is too close to the church.

We, as a Church would like to object such expansion to our small community, and although we will be supportive to any business, we would really appreciate your sincere consideration to the above stated explanation of the different ideas of what will serve our community better.

In addition to this letter, I will ask the community to petition such expansion.

Sincerely:

RE: 20-Off Sale Beer and Wine/Lenwood Discount Market (25133 W Main Street, Barstow, CA 92311).

Dear ABC Representative:

As a Pastor in the small Lenwood community, and as a community in all; we stand together against any expansion to the sale of alcohol in our community.

This small community for almost 50 years has had at least two stores "Lenwood Discount Market" which serves beer and wine; AND "Divine's Market & Liquor" which serves groceries, beer, wine & hard liquor as well. We just stood all together to stop the addition of a new Liquor license in our community (Project Number PABC-2020-0009).

As a Church we believe that the two liquor stores "as-is" are more than enough for the little community of Lenwood, and that we would not benefit from any current or future changes in the alcohol license in this business. Please see attached letter and the 60 pages of signatures from community members to that expansion for the reasons outlined below:

- Harm from alcohol abuse and misuse or associated violence.
- An adverse effect on the health or safety of members of the public.
- An adverse effect on the amenity of the community.
- Proposed Location is too close to the church.

Hard Liquor always was and will continue to be a reason for increase in addictive people in our community, and lead to more broken families which could results to more children suffering from lack of cohesiveness in families. This ultimately will increase homelessness as well as crime in this community.

this Particular location "25133 W Main Street" is too close to the church and it is exactly across the street from our church and youth meeting hall.

Lenwood will always object any addition or changes in liquor license for the reasons above.

we would really appreciate your sincere consideration to the safety and wellbeing of our community.

Sincerely,

David Carr (Pastor).

Ms. Irene Romero, Planner San Bernardino County

Dear Ms. Irene

We "Community Of Lenwood" would like to object the above community expansion project.

We do support Church Pastor David Carr "Lenwood Community Church", Mr. Rick Oakley "Veterans Of Foreign Wars Of United States" and their Petition to object such expansion.

As a community, we do object the current and any future attempts to add Alcohol license to our community. Alcohol, especially hard liquor will increase in Alcoholics in our community. This would lead to more broken and separated families, more children to suffer the lack of good family, and ground for increased homelessness and crime.

This Small community is more than satisfied with the two local convenient stores which serves beer, wine, groceries, & Hard Liquor as well. We believe that the community will not benefit from another Liquor Store.

Thank you for consideration to the Community needs and concerns of such project.

Veterans of Foreign Wars of the United States

**RE: Alcohol License for (Lenwood Discount Market) located at 25133 Main St.
Barstow, CA 92311.**

ABC Riverside:

Dear Sir/Madam:

As a Quartermaster of the Foreign Wars of the United States and as a member of Lenwood Community, we would like to object this project.

Lenwood Community for the safety and the welfare of this community **had objected before any expansion or addition of a NEW liquor license in multiple prior locations further than this location from the church. Please see the attached communications for a recent attempt and the community's rejection for the same purpose.**

This location (25133 Main St. Barstow, CA 92311) is exactly across the street and within feet from the church and the youth meeting hall. Please see attached map.

This is in line of the law which allows a denial of ABC license within the immediate vicinity of the church, and within 600 feet of kids' playground in the church, the church youth facilities.

As a community, as a church, as Veterans of Lenwood, and me personally would like to object such license, we made it clear many times that this community will always object any future alcohol license for this small neighborhood. This Community has NO discrimination between applicants; since we just rejected a similar attempts not long ago even though locations rejected (25321 Main Street, AND 25254 W Main Street) were further than this location (25133 W Main Street) from the church, we stand together again to reject this and any future application as well. Please see attached maps.

Please let me know if the supportive documents are acceptable to ABC to reject the current and any attempts in the future to obtain Alcohol license in this location and any nearby locations. We "as a community" did not and we are not asking the ABC to revoke the current license in this location

since we do not want to do more harm than good, we hope the ABC will Respect our community's wish and add no harm to it.

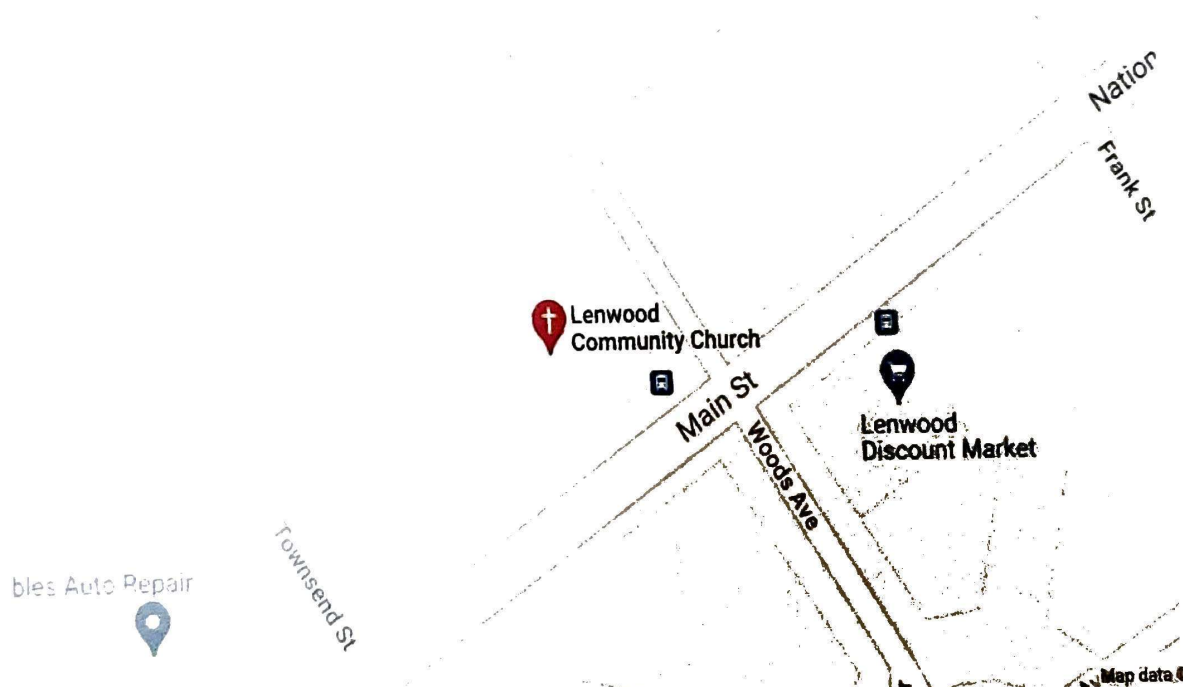

Respectfully Yours.

Rick Oakley

Rick Oakley Post Quartermaster.

Please see prior locations rejected for similar license (25321 Main Street, AND 25254 W Main Street) in comparison to the current location "Lernwood Discount Market". They were even further from the Community church (Labeled as a Star).

Appeal Application

San Bernardino County
Planning Commission
County Government Center
385 N. Arrowhead Avenue, 1st Floor
San Bernardino, CA 92415

Re: Project Number PABC-2021-00006
Assessor Parcel Number 0422-054-05

Brief in support of Appeal

May it please this Commission;

This appeal is being submitted on behalf of the concerned citizen's of Lenwood and the constituents located in the affected area. We ask that the San Bernardino County Planning Commission determine that the issuance of a Type-21 Off-Sale General license for 25133 Main Street, Barstow, CA APN 0422-054-05 (hereinafter the "Premises") would not serve a public convenience or necessity. We ask that the Commission overturn the Notice of Decision and the Staff approval of a variance application made on October 6, 2021.

Procedural Background

The Department of Alcohol Beverage Control (hereinafter the "Department") shall deny an application for a license, or a transfer of a license, if its issuance would result in a law enforcement problem or result in or add to an undue concentration of licenses. Cal. Bus. & Prof. Code § 23958 (West).

Upon the above finding by the Department, Tawfik Ghorab (hereinafter "Applicant") and Lenwood Discount Market (hereinafter "Establishment"), submitted a variance application for an ABC Letter of "Public Convenience or Necessity" for issuance of an ABC Type-21 Off-Sale General license. This variance application is required to circumvent the statutory bar provided for in Cal. Bus. Prof. Code § 238958. The exception the Applicant is attempting to use is provided for in Cal. Bus. Prof. Code § 238958.4(b)(2) which states in pertinent part, "*if the local governing body of the area in which the applicant premises are located determines ... that public convenience or necessity would be served by the issuance*" the Department may issue a license.

The Department may rely, and is not required to independently determine, whether issuing a license would serve public convenience or necessity when a local governing body has already made that determination. Nick v. Dep't of Alcoholic Beverage Control, 233 Cal. App. 4th 194. San Bernardino County Code of Ordinances §85.04.020 adopts the State requirements and definitions regarding alcoholic beverage control and formalizes the State requirement a local jurisdiction shall make a determination of public convenience or necessity before the ABC will issue a liquor license.

Pursuant to San Bernardino County Code of Ordinances §85.04.030 the Director of the Planning Division of San Bernardino County (hereinafter the "Director") shall review and act upon a

request for a letter of public convenience or necessity. The Director took such action and pursuant to section 3(d) of that ordinance provided notice of the license request and subsequently issued a Notice of Decision on October 6, 2021 that the County of San Bernardino would issue an ABC Letter of Public Convenience or Necessity.

Now, the concerned citizen's of Lenwood timely file this appeal pursuant to San Bernardino County Code of Ordinances §86.08.040 and ask the San Bernardino County Planning Commission to overturn the decision of the Planning Division and deny any variance being requested by the applicant as it applies to the issuance of an ABC Letter of Public Convenience or Necessity.

The Premises is Not Suitable for a Type-21 Off-Sale General License

Even before considering the Applicant, the Applicant's failure to meet its burden in requesting the ABC Letter of Public Convenience or Necessity, the overwhelming community disapproval of the application, the Premises is not suitable for a Type-21 Off-Sale General license pursuant to state and local laws.

State Law

Pursuant to Cal. Bus. Prof. Code § 23789(a)(b), *“(t)he department is specifically authorized to refuse the issuance ... of any retail license for premises located in the immediate vicinity of churches and hospitals. The department is specifically authorized to refuse the issuance ... of any retail license for premises located within at least 600 feet of schools, public playgrounds or youth facilities.”* Here, the Premises is located directly across the street from Lenwood Community Church which also is the site for youth facilities.

The Premises has been licensed as a Type-20 Off-Sale Beer and Wine license for nearly 50 years. The Applicant purchased the Premises and the Establishment based on a multiple of earnings that was representative of the license that is appropriate for the location of the Premises, beer and wine only. This zoning designation was very intentional and in conformance with state law. While no alcohol sales whatsoever would be preferable in a location that is directly proximate to children and faith-based communities, California law makes no limitation on the issuance of a Type-20 Off-Sale Beer and Wine licenses.

Notwithstanding, Cal. Bus. Prof. Code § 23001 states *“... an exercise of the police powers of the State for the protection of the safety, welfare, health, peace, and morals of the people of the State, to eliminate the evils of unlicensed and unlawful ... selling and disposing of alcoholic beverages, and to promote temperance in the use and consumption of alcoholic beverages. It is hereby declared that the subject matter of this division involves in the highest degree the economic, social, and moral well-being and the safety of the State and of all its people. All provisions of this division shall be liberally construed for the accomplishment of these purposes.”*

As a result, the perils of certain types of alcohol sales versus beer and wine only sales are both contemplated in the state law and purposely provided for.

Subjecting the children and faith-based community of Lenwood to alcoholism, abuse, and addicted persons that consume alcohol in public and the unintended consequences of a premises that is licensed with a Type-21 Off-Sale General license is the exact consequence the law aims to prevent.

San Bernardino County

In previous applications for the issuance of a Type-21 Off-Sale General license in the recent past at 25321 Main Street and 25254 West Main Street, the Director made the determination to not issue an ABC Letter of Public Convenience or Necessity due to the proximity of those locations to Lenwood Elementary School. San Bernardino County Ordinance §84.02.030 provides guidance with respect to adult businesses. In that Ordinance, places of worship, schools, and parks all are treated as equals and are required to be 500 feet from the adult business. Moreover, the fact that the San Bernardino County Ordinance treats places of worship, schools, and parks equally with respect to adult businesses, it stands to reason that those three special designations are equivalent for a Type-21 Off-Sale General license.

The Premises here is located closer to a church than either 25321 Main Street or 25254 West Main Street were located to Lenwood Elementary School. As a result, the County cannot in good faith show favor to this Applicant by inconsistently issuing an ABC Letter of Public Convenience or Necessity without discriminating against my clients.

While the San Bernardino County Ordinance is silent on distances from a Type-21 Off-Sale General license with respect to places of worship, schools, and parks, the California code is not. As stated earlier, pursuant to Cal. Bus. Prof. Code § 23789(a)(b), a Type-21 Off-Sale General license shall not be issued to a premises in the immediate vicinity of churches and hospitals or located within 600 feet of schools, public playgrounds or youth facilities.

For the aforementioned reasons, the Premises is lawfully unsuitable and cannot be determined as an exception to the Department's statutory bar to the issuance of a Type-21 Off-Sale General license. As a result, the County of San Bernardino should not contravene established laws and issue an ABC Letter of Public Convenience or Necessity in favor of Applicant.

The Applicant has Failed to Establish a Public Convenience or Necessity for the Premises.

It goes without saying that the Department would not issue the Premises a Type-21 Off-Sale General license on its own authority. As a result, the Applicant finds himself before this Commission asking for a determination of "public convenience or necessity" as an exception to the rule. In his ask, the Applicant bears the burden of proof.

In Project Number PABC-2021-00006, Applicant asks the County of San Bernardino to step in and grant its application for a Type-21 Off-Sale General license on the grounds of a "public convenience or necessity." Unfortunately, neither this Applicant, nor any previous owner who has attempted to be granted such a license for the Premises in the past, can demonstrate either a

public convenience or necessity for the issuance of such a license. In fact, a large reason why the Premises and the Establishment was sold to Applicant for a discount in recent years was due to the fact that the community had overwhelmingly opposed this exact application. The Applicant has failed to demonstrate:

- how the proposed use will not be detrimental to the character of development in the immediate neighborhood and will be in harmony with overall objectives of the general plan;
- prove/demonstrate the economic benefit outweighs the negative impacts to the community as whole;
- demonstrate how issuance of license will provide a needed service not currently being met in the community;
- identify the special and unusual circumstance present here to justify a new retail alcohol outlet when there are already similar alcohol uses existing nearby;
- prove they cannot operate profitably without a liquor license;
- demonstrate reasonable efforts to seek community input;
- net employment gain;

In fact, the Applicant has proven nothing with respect to convenience or necessity. While the concerned citizen's of Lenwood have alternatively proved how the variance violates the law, the Applicant fails to establish even the most rudimentary basis for providing an exception to the rule. Most likely, the Applicant looks to the County of San Bernardino to provide him a windfall by changing the rules of the game after his purchase.

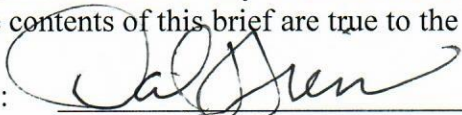

The Community has Made its Own Determination Regarding the Public Convenience or Necessity of Applicant's Application for a Type-21 Off-Sale General License

In previous situations the community has spoken out firmly about their disapproval of another liquor license being approved. Please find the attached letters from Lenwood Community Church and the Veterans of Foreign Wars of the United States. Also attached are a Protest Against Alcoholic Beverage License Application signed by 165 persons, a community letter with various signatures from a previous liquor license application, as well as a Google map of the specific location.

While the concerned citizens of Lenwood respectfully submit this appeal to the Commission with deference to its powers, we suggest that the community has already spoken on its own behalf as to both public convenience and necessity. In this brief it has been established that 1) the Premises is unsuitable, 2) the Applicant has failed to establish a public convenience or necessity, and 3) the community at large has rendered judgement as to the use of the public convenience and necessity exception as it relates to the issuance of a Type-21 Off-Sale General license.

Submitted this 15th day of October 2021 on behalf of the concerned citizens of Lenwood, I affirm the contents of this brief are true to the best of my knowledge.
