**NOTICE OF AVAILABILITY OF AN ADDENDUM TO A MITIGATED NEGATIVE DECLARATION FOR THE  
LYTLE CREEK WASH AMENDED RECLAMATION PLAN LOCATED IN THE COMMUNITY OF LYTLE  
CREEK, SAN BERNARDINO COUNTY**

The San Bernardino County Land Use Services Department (County) has completed an addendum to the Initial Study/ Mitigated Negative Declaration for Lytle Creek Wash Amended Reclamation Plan dated February 9, 2001 (project). The County intends to adopt a Negative Declaration for the proposed project, which is located north of Riverside Avenue, approximately 0.5 miles southeast of Interstate 15 in the community of Lytle Creek, County of San Bernardino.

The proposed project is a revision to an existing Reclamation Plan 93M-04 to excavate the North Quarry to a uniform depth of 150 feet below ground surface. The additional depth will allow Cemex Construction Material Pacific LLC. to increase aggregate reserves within the existing defined quarry. No additional new land will be disturbed besides the areas previously permitted. This revision is not requesting any changes in project area or mine plan acreage, annual production, or length of the expiration date of April 19, 2028.

The document has been prepared to meet the State requirements of the California Environmental Quality Act and is available for review at the following locations:

**San Bernardino County  
Land Use Services Department  
Planning Division, 1<sup>st</sup> Floor  
385 North Arrowhead Avenue  
San Bernardino, CA 92415**

**Rialto Branch Library  
251 West 1<sup>st</sup> Street  
Rialto, CA 92376**

The public comment period will end on **January 20, 2011**. For further information or to obtain a copy, call 909-387-4147. Written comments should be addressed to: George H. Kenline, County Mining Geologist, 385 North Arrowhead Avenue, 1<sup>st</sup> Floor, San Bernardino, CA 92415 or via email: [gkenline@lud.sbcounty.gov](mailto:gkenline@lud.sbcounty.gov).
